Statement in the matter of R v Vida REID

Name	Alexsis Carla BOTT
Occupation	Practice Manager
Address	Known to National Disability Insurance Scheme (NDIS)
Date	12 October 2022

STATES:

1. This statement made by me accurately sets out the evidence that I would be prepared, if necessary, to give in court as a witness.

2. My full name is Alexsis Carla BOTT. I am 32 years of age.

3. My residential address is known to the National Disability Insurance Scheme.

4. I am a participant of the NDIS and have been for just over a year. I have been diagnosed with a bipolar disorder. My NDIS number is 431553491.

5. On Friday 23 September 2022, I had a conversation with NDIS investigator, Ray Holder, about claims made against my NDIS plan. I make this statement as a result of that conversation.

6. I have a NDIS plan which is plan managed. My plan manager is Manage Mode. I have a lady called Taryn that calls me. No one ever told me how to use my plan. The accountant people for my plan told me at the start about things.

7. Because I didn't know how to get services the plan managers told me that Forward Focus was a service provider with good reviews and that's how I got to know them.

8. I signed a consent form with my plan manager to give Forward Focus Group my plan details. That was at the very start of the plan and Forward Focus Group were supposed to tell me how I could use my plan.

9. I contacted them by phone but never met anyone. I no longer have their phone number in my mobile.

10. Due to my condition I pulled back from Forward focus group because they kept trying to call me to organise an initial meeting. The meeting never happened.

11. They never came to visit me at all and they never provided any services.

12. No one ever came to the house. No one ever took me out. They never assisted me with anything.

13. I never signed a service agreement with them or gave them permission to take money from my plan.

14. I can't remember the exact date but my plan managers called me one day because the billing from Forward Focus Group looked suspect so they wanted to check with me that what they were billing was what there were giving me. I told them that no services had been provided by Forward Focus Group. I also told them that no one else had provided any services.

15. I asked the plan manger to fire Forward Focus Group. Then emails and phone calls started. It became overwhelming. I emailed them to stop contacting me but the emails kept coming. I have kept all the emails and can provide them if required.

16. I have spoken to a person at Forward Focus Group who said her name was Vida and she was the director. She told me that it was a clerical error on their behalf. She did not apologise for this error.

17. The reason I was given by Forward Focus Group that the billing mistake happened was that they had another person with the same first name and a similar last name

and someone in the office had made a mistake. I have the email that Vida sent me in which she admits this. I am able to produce this if required.

18. I am no longer involved with Forward Focus Group

19. I was asked by Investigator LANE to comment on the $5945.35 that has been claimed from my plan number 3180335 for Support Coordination Level 2: Coordination of supports – I did not receive any support coordination.

20. I was asked by Investigator LANE to comment on the $16.27 that has been claimed from my plan number 3180335 for Capacity Building and Training in Self-Management and Plan Management - No idea what it is and I never got it.

21. I was asked by Investigator LANE to comment on the $342.53 that has been claimed from my plan number 3180335 for Psychosocial Recovery Coaching – Weekday Daytime – I have just had my first recovery coaching session with another company and I never got that from FFG.

22. I was asked by Investigator LANE to comment on the $5809.93 that has been claimed from my plan number 3180335 for Assistance with Decision Making Daily Planning and Budgeting – What a joke. Never got it.

This statement is true to the best of my knowledge and belief. I have made this statement knowing that, if it is tendered in evidence, I will be guilty of a crime if I have wilfully included in the statement anything that I know to be false or that I do not believe is true.
