3. My residential address is known to the National Disability Insurance Scheme (NDIS).

4. I'm not sure of the exact date but around the end of 2022 I became a participant of the NDIS due to being an insulin dependant diabetic, I had my oesophagus removed due to cancer and complications from that operation were gastroparesis (paralysis of the stomach making it hard for me to digest). In 2020 I had a laminectomy on my neck due to spinal cord damage which resulted in severe nerve damage. In April this year I had a quadruple bypass on my heart. I also have PTSD from severe trauma.

6. On Friday 07/10/2022 I was contacted via email by Tim JARRATT about services charged against my NDIS plan from NDIS provider business Forward Focussed Group and Hybrid Hive.

7. My NDIS plan was plan managed from the start and still is. My first plan manager company was Provider Choice. I didn't like the services I was being given there so I changed to another company but I can't remember the name. I changed from that company to Forward Focussed in 2021. I've been with them for about 18-20 months.

8. I don't remember who but NDIS Provider Forward Focussed Group (FFG) was referred to me. I was living in a government house at Waikiki. Forward Focussed CEO Vida REID came to my house and we discussed what I needed. The services I needed was carers to help me with diabetes, I was on a lot of medication and transport. Vida had brought a service agreement with her. I'm not sure if I signed it then or later on. It was within a week that I would have signed. I definitely have a copy of it but I don't know where it is. I don't remember the date my services kicked off with Forward Focussed but it was in 2021.

9. I was with Forward Focus and at the same time I was with Empowering Disability Community Services (ECD). ECD was providing carer and all other services for me and Forward Focus was providing support coordination only. ECD is a separate company run by a lady by the name of Ikram FARRAH. She is a registered nurse also. I stayed with ECD until I moved to another NDIS provider called Hybrid Hive (HH). I moved to HH because they were interrelated with FFG and I felt it was a better solution to me.

10. At HH I dealt with Simon REID who I knew to be Vida's husband. I signed a service agreement with HH for all my services and Forward Focussed were to continue my support coordination.

11. Since I started with FFG and HH I have been happy with the services I have received. I have only signed one service agreement with each company.

12. My understanding is that all the workers that help with me with my supports are all HH employees. The employees have told me, as well as everybody else from FFG and the Hive. My support coordinator Blake SADLER also told me this.

13. Tim JARRATT has asked me if I have ever used short term accommodation? Yes I have I don't remember when it was. I think one might have been respite. I was in government housing for several years. Then I was moved to Yarran Properties in April 2022 which is a supported independent living house. I had a heart attack in April 2022 and spent 2 days in Rockingham Hospital before a further 2 weeks at Fiona STANLEY Hospital. My son was living with me at the time and Forward Focussed helped move us both into the accommodation at Yarram Properties at Rockingham. It was a 2 bedroom unit and my son had his own room. My son had experienced a lot of trauma and became violent and suicidal. I couldn't deal with this and FFG helped me to get out and move into where I now live. I moved to my current address in August 2022.

14. Tim JARRATT has told me that FFG have claimed from my NDIS plan for supplying me short term accommodation they supplied to me on 03/01/2022 and asked me to comment. I went on a mental health retreat with other clients this year before my heart attack. This was for 3 days hotel accommodation north of Perth past Two Rocks.

15. Tim JARRATT has told me that HH have claimed from my NDIS plan for supplying me short term accommodation they supplied to me on 26/01/2022 and asked me to comment. I can't comment because I have no memory of this. It's possible its happened but I cant remember. There was one night that we on a boat cruise and we stayed in Perth city in a motel for the night earlier this year.

16. Tim JARRATT has told me that HH have claimed from my NDIS plan a second time for supplying me short term accommodation on 26/01/2022 and asked me to comment. I remember 2 cruises that happened during the day and nighttime accommodation was supplied. One was New Years Eve 2021/22 and the other I think may have been the Australia day trip.

17. Tim JARRATT has told me that FFG have claimed from my NDIS plan for supplying me self management capacity building and asked me to comment.

18. Tim JARRATT has told me that HH have claimed from my NDIS plan for supplying me assistance with self care activities and asked me to comment. Yes that's what the girls do. They do a lot of the dishes, house work, help with medications. Generally, I have one worker here during the day from 6am – 8pm Monday to Friday and 24/7 on the weekends. This is in my current plan. Prior to that I was only getting about 8 hours help a day.

19. Tim JARRATT has told me that FFG have claimed from my NDIS plan for supplying me assistance with self care activities and asked me to comment. I don't know anything about that.

20. Tim JARRATT has told me that FFG have claimed from my NDIS plan for access community social and rec activities and asked me to comment. I honestly don't know.

21. Tim JARRATT has told me that HH have claimed from my NDIS plan for access community social and rec activities and asked me to comment. I would believe it to be a clerical error regarding FFG but I would have received this service from HH.

22. Tim JARRATT has told me that HH have claimed from my NDIS plan for activity based transport and asked me to comment. Yes the girls transport me all over the place as I'm a diabetic and don't have a licence. They take me shopping, to medical appointments, gym and general outings. Before FFG and HH came along I was staring at 4 walls and they have improved my lifestyle.

23. Tim JARRATT has told me that HH have claimed from my NDIS plan for community engagement assistance and asked me to comment. Yes they have supplied services for that type of thing. Going to the beach, walking, travelling, photography.

24. Tim JARRATT has told me that HH have claimed from my NDIS plan for counselling and asked me to comment. Yes I have received counselling for severe trauma. There was a psychologist I don't remember the name, there was Liz who is an OT but also has a counselling degree. This was back in last year, early and the

middle of this year. Any counselling I received was by appointment and were for 1 hour sessions.

25. Tim JARRATT has told me that FFG have claimed from my NDIS plan for counselling and asked me to comment. Again the counselling happened but I was not of the understanding as to who was supplying it.

26. Tim JARRATT has told me that HH have claimed from my NDIS plan for individual skill development and training including public transport training and asked me to comment. Yes that was in house, again with my problems of nerve damage I received in house training at the office at Armadale. I was the only one doing this training. I can't remember who the trainer was.

27. Tim JARRATT has told me that HH have claimed from my NDIS plan for provider travel – non labour costs and asked me if I agreed with HH to claim this. I have to say yes. My honest opinion is that I trust FFG and HH to provide me with what I need.

28. Tim JARRATT has told me that FFG have claimed from my NDIS plan for provider travel – non labour costs and asked me if I agreed with FFG to claim this. Yes I would have agreed.

29. Names that I can remember of the support workers I have had are Maddy DAWSON, Cherie, Deb and Paula. Previously Ross, Kelly Amessi (M), Ousman (Ozzie), Emanuel, Romeo and Timore.

30. In the general context of service provided I have been extremely happy with services I have received from HH and FFG.

This statement is true to the best of my knowledge and belief. I have made this statement knowing that, if it is tendered in evidence, I will be guilty of a crime if I have wilfully included in the statement anything that I know to be false or that I do not believe is true.
