Statement in the matter of R v Vida Reid

Name	Monbo Steven Jetoh
Occupation	Truck Operator
Address	Known to National Disability Insurance Scheme (NDIS)
Date	13 October 2022

STATES:

1. This statement made by me accurately sets out the evidence that I would be prepared, if necessary, to give in court as a witness.

2. My full name is Monbo Steven Jetoh and I am 31 years old.

3. My wife and I Jerusha Jetoh (my wife) and I are the nominee's and carers for our son Levi Jetoh (Levi).

4. From when Levi was born, he was born with a hole in his heart in 2017 and has had multiple heart surgery's.

5. In 2018, there was a business at the hospital who recommended my husband and I seek support from The Block fund and then Levi later met access for the National Disability Insurance Scheme (NDIS).

6. In 2019, my wife and I completed a Verbal Access Request (VAR) for my son Levi who was accepted to the NDIS with a diagnosis of Down Syndrome and given an NDIS number 431092168. Dr Andrew Bullet who is a Cardiologist from Perth Children's Hospital was one of the doctors who diagnosed Levi with Down Syndrome.

Monbo S Jetoh

C. Bruckner

7. Levi's first plan was from 14 May 2020 to 22 June 2020, which was to the value of $6,191.20. His current plan is from 20 September 2022 to 20 September 2023 which is to the value of $189,544.11.

8. My understanding of the NDIS is to provide funding to pay for services in assisting Levi with everyday living and supports with his disabilities. Some of these supports include Oxygen High Flow Machines, a nurse, Support Co-ordination and therapy, dietary, physiotherapy, continence and several other supports needed.

9. In late 2020, I received a call from my wife stating she spoke with Serge Belardo (Serge) who worked at Surgical House which is a company who supplies items for Levi's medical equipment, food and consumables. She told me he referred her to a company called Forward Focused Group (FFG). She told me Serge recommended FFG who was run by a lady called Vida. She said Vida spoke several languages, she worked with the NDIS, she had travelled around and she had a child with disabilities. From this conversation I was happy to progress with meeting Vida and agreed for the meeting.

10. I know it was a week later as I was at work, my wife and I met with Vida and another person called Chloe at our home. Vida explained to my wife and I about the services she could arrange including Respite for Levi. In this meeting I did most of the talking I was questioning Vida on what she can provide and if we sign with her what she can do. She was very excited about what she does, and she explained the different things she could do and what she has done with all the other providers. She built the trust with my wife and I, made us feel comfortable in believing she could provide my family with the supports they needed and the best possible care we could arrange for Levi. While we were having the conversation Vida had her laptop open but was not typing at all as she was talking with her hands. After we finished talking and we were ready to sign the Service Agreement Vida explained to me that I had to sign on her laptop as they were moving or renovating offices and a hardcopy was not available. When I electronically signed the Service Agreement

Monbo S Jetoh

C. Bruckner

Vida did not show me any specific information listed for Levi in the Service Agreement. At this stage I did not ask for a copy of the Service Agreement, I asked her again what I was signing, and she said it had all the information of the listed supports she would help us to arrange for Levi. When I signed the Service Agreement electronically, I noticed it could be moved around and from personal experience I know it could be moved. I was concerned about this, so I asked Vida "Are you sure this is for your personal use and just for your use?", Vida responded with "yes this is my computer and no one else has access to this but me".

11. About two weeks after the meeting with Vida, Levi started receiving supports from a support worker called Leih. I know from discussions with my wife that Leih would come twice a week for a few weeks and then my wife told me she is going to ask for it to be only once a week as there was not much for her to do.

12. We were having problems with Levi's school, we explained our concerns to Vida. She told us she would be able to help and tell the school that they needed to follow their obligations and not discriminate against my son.

13. On 9 September 2021, I received a call from Candice who worked at Wesley for NDIS to discuss Levi's new plan which had been approved. This was to discuss the breakdown of Levi's plan. While we were having this discussion, Candice told me that in Levi's new plan there was about $56,000 which had been locked on the 7 September 2021. This was before we had received the official notice of the funding for the new plan which had just been approved. Candice asked me if I knew of a provider by the name of Provider Choice, I said no, I said I believe we still only had Access Foundation. I asked Candice how can I get in touch with them as I wanted to know why they were locking our funding, especially before we even knew about the approved funding, Candice then provided me with Provider Choice's phone number and our phone call ended.

14. On the same day as I spoke with Candice on 9 September 2021, I also received a call from Terri who worked with FFG and she said that Levi's new plan had been

Monbo S Jetoh

C. Bruckner

approved and would we be happy to go with a company called Provider Choice? I said I wanted to stick with Access Foundation and we will find someone else. While my wife and I was on the phone to Terri we did not initially connect the provider name she mentioned and the one which I was chasing up about the documents were the same one as I was following up. It wasn't until we got off the phone to Terri that my wife connected the dots to Provider Choice.

15. At some stage during my interactions with Vida I cannot remember when, I remember her telling my wife and I that if we were to stick with Access Foundation she would no longer provide services because she said she thought they were unprofessional and were questioning her about putting in a proper code.

16. After speaking with Candice on 9 September 2021, I attempted to call Provider Choice three times. I was unable to speak to anyone so I called Vida and I asked her who is Provider Choice and Vida's response was that she did not know what company that was.

17. Once I was able to speak to someone at Provider Choice, I gave Levi's name which they said was not in the system. I then asked the person on the phone "why would you guys lock funding for my son when he isn't even in your system?", the person on the phone then referred me to a manager. I then spoke to a lady who was called Helen Sharman (Helen), I asked her about the funding that was locked by Provider Choice and how are you able to lock funds when we don't even know you or even the access to Levi's new plan. Helen said to me "I thought you were aware of it we have your signature on our documents", I asked her, who gave you that authority and can you provide details of where my signature was on the documentation. Helen told me that FFG had provided this document to Provider Choice. I then said I would like you to provide a copy of this document please as I believe I did not sign it. Initially she was reluctant to provide me with a copy so there were a few phone calls between us, and I eventually told her I would pursue through NDIS because

Monbo S Jetoh

C. Bruckner

they did not have my permission to lock the funding. I cannot remember if I gave her my email or if she already had it.

18. On 10 September 2021, I received the email with the document attached from Provider Choice, I noticed it had my signature on it which I also noticed was not my complete signature as half of it was missing. I was not happy with this and when I responded to Helen I CC'd Vida and Terri in this email. Over the course of a few days there were emails I received from Vida and also responded to.

ANNEXURE: I NOW PRODUCE: SJ001 A COPY OF THE EMAIL RECEVIED FROM HELEN AND SENT TO VIDA IN SEPTEMBER 2021.

19. After I discovered my signature was copied without my knowledge, into another Service Agreement for Provider Choice which was a provider we did not know. We decided we were not happy with the lack of services and quality of services being provided by FFG and decided to cancel the agreement with them. At some stage in September 2021 my wife and I went to FFG's office in Armadale and had a discussion with Vida and two other team members. I did all of the talking, I wanted to know why they were double charging us when the services weren't rendered, Vida explained to me that it was a mistake and the girl was new. I said this has been going on for the whole year and that's why there's been problems with Access Foundation claims. I then asked her how did my signature get onto Provider Choice documentation after when I spoke to you, you told me you were unaware of the company Provider Choice? At that time the two colleagues that were there and were defending her for my other questions, they went mute. Vida's response was that it was probably Terri, as she was the one who used Vida's computer. I then said to her you told me no one else had access to your computer and now your saying Terri had access to your computer. I then asked why is Terri was not here in the office? Vida responded and said Terri was sick and cannot be here. I then asked for this to not happen again and to move forward and I wanted to be told about every single charge being made against Levi's plan and CC'd into every

Monbo S Jetoh

C. Bruckner

email being sent. At that time the hard copy of the new agreement was provided to me by Vida and I said you need to sort out the doubling up of the claims. I told Vida I will take this Service Agreement home and I will have a look at it.

20. When I went home and looked at the Service Agreement, I was not happy with the details listed and I questioned Vida about this. I told her she needs to change it and send me an adjusted copy.

21. On the 13 September 2021 I received an adjusted copy of the new Service Agreement from Vida which I signed electronically on my computer and sent it back to her as a PDF document. I later spoke with my wife, and she did not want to continue services with FFG as Vida told us FFG had changed all their staff.

22. On 13 October 2022, Christine Bruckner (Investigator Bruckner) an investigator from the NDIS contacted my wife to ask about my sons claims for the NDIS. My wife told me that Investigator Bruckner was coming to see us about Levi's claims.

23. Later that day on 13 October 2022, Investigator Bruckner, my wife and I met in person and she showed us a list of claims which were submitted by FFG. I was able to see on the list, a claim for 'Counselling', I can confirm my wife, son and I have never received these services from FFG. I was also able to see a claim for 'Delivery Of Health Supports By A Registered Nurse - Weekday Daytime' for the 25 May 2021 to 26 May 2021 for 11.98 hours. I can confirm Levi did not receive any of these services as after the 16 May 2021 we did not have a nurse come to the home again from FFG.

24. My wife and I were told that if we wanted to continue supports with FFG, we were required to sign a Service Agreement for a company called The Hive or Behive. I never signed a service agreement with The Hive or Behive, Levi never received any services from them, and I never gave them permission to claim from Levi's NDIS plan.

Subject: RE: Terms and Conditions

Hi Steven,

We do not use anyone's signature without their permission. These were signed on our surface pro when we met with you and we recommended Provider choice to you.

Both myself and Terri have on multiple occasions spoken to yourself and also Jerusha. I have a voice recording where I have been speaking to the current plan manager for levi access foundation and he was upset stating Jerusha has asked to move and he would like an explanation as to why.

Again we do not copy anyone's signature over to anything at least not without consent anyway as this is fraudulent and we hold ourselves to a high standard in the sector.

You and Jerusha on multiple occasions asked us to change providers and to move your plan manager to provider choice. The only thing we did was listen to your request and ask for this change to occur and made a referral for you again as per your request.

I still do not understand why the funds would be locked for a certain amount as this is not the norm and plan managers do not lock in funds for a new plan without a new signed form for this plan as the previous request was denied and the previous plan manager refused to release the plan and funds. Therefore this is a clear error and mistake that has occurred and provider choice have now released the funds.

We have always assisted you and your family to the best of our ability and now almost tripled your son's funding for you. We have always had Levi's best interest at heart and have never done anything that was not requested of us to action as this is the participants choice and control.

Moving forward with any request Terri and I will request that you put this is writing so that there is no confusion and for clarity.

I am more than happy to provide you with file notes stamped dates of calls and requests made by Jerusha and yourself for us to move the plan manager as you requested us to do so and stated you are not happy with access foundation.

To be honest we are a little disheartened by these comments as we went above and beyond for your family and to be accused of something we did not do is insulting to us. We work hard and get our clients what they want and what they ask for. In no point in time have we ever done anything without consent and without the request of a client.

Good morning Steven,

Thanks for your reply, we had no idea that your signature had been attached without your knowledge otherwise we would have never processed it, the funds will be released and returned to the portal in full this morning and should show available to your new plan manager by Monday morning,
FYI on relation to your comment, the consent form i attached is to share information, however the terms and conditions also attached are to allow us access to the funds to pay your invoices.. as you can see we received both of them signed from Forward Focused so went ahead and got Levi set up as requested
Once again I can only apologise for any upset this has caused you.

Best of luck to you and your family 😊

SJ001 3 of 4

Yes it's my signature but I only consented with it to forward focus but not for it to be attached to other documents withoutmy consent.

I have only signed a electronic document with forward focus to have access to Levi and act on behalf of Levi.

I do not appreciate my signature being attached to documents without my notice and approval.

In this email the form said to share information, it never said to be his plan manager and lock funds without our authorisation.

> Hi Steven,
>
> Thanks for calling back earlier today, I have attached the signed docs that we received from Forward Focused back on 8th March, this is when we first tried to get Levi onboard but the funds were tied up.
> As I mentioned we have people switching over to us on a daily basis so to have someone waiting to be released from their current plan manager to get onboard with us is not out of the ordinary. We would hold on to the signed documents and then get them onboard once the funds have become available, (we accept that we get no set up fee, only the monthly fee)
>
> I apologize for any upset this has caused you and your family, it was never our intention as we of course believed that as we had your signed docs that were sent to us form Forward Focused back in March that you still wanted to join us.
