Statement in the matter of R v Vida Reid

Name	Pieter Nicolaas Rossouw
Occupation	boilermaker
Address	Known to National Disability Insurance Scheme (NDIS)
Date	11 October 2022

STATES:

1. This statement made by me accurately sets out the evidence that I would be prepared, if necessary, to give in court as a witness.

2. My full name is Pieter Nicolaas Rossouw. I am 29 years of age and my fiancé is Terri Roberts. I have been in a relationship with Teri since September 2015.

3. My residential address is known to the National Disability Insurance Scheme.

4. I have been working as a boiler maker since June 2013, when I finished my apprenticeship. I work as a flight in/flight out boilermaker in mines in WA.

5. I know Vida Reid. Teri worked with Vida Reid at APM, Armadale a couple of years ago, in around 2019. APM works with Centrelink and the Australian government to help unemployed job seekers, people with disabilities.

6. I have been introduced to Vida by Teri during a random encounter at Teri's work. I was made aware that Vida left AMP and started her own business Forward Focus Group (FFG). Teri talked a lot about Vida and her business.

7. Teri took an opportunity and started working for Vida and FFG. When Vida started her business, she was working from home. That how I got to know Vida better, because Vida, Teri and others were basically working from behind the dining room

table. Simon Reid was working with them as well. I know Simon, he is Vida's husband.

8. FFG expanded and moved to the office in Armadale. I helped them with laying floorboards.

9. Once they move to the office, they expanded quickly.

10. We became close friends and spent a lot of time together.

11. When FFG business was expanding really fast, Vida staring talking about creating sister companies of FFG, the sister companies that would do things that FFG was not designed for.

12. Vida offered us a partnership in a company, that would be started by her. The agreement was that Vida would fund the start of the company, Teri would run it and Teri would have 49 % of the shares of the company, Vida would have 51%.

13. Vida offered that I would be the director of the new company. Vida said that Simon and herself could not be the directors, because they were the directors of FFG.

14. I was sitting with Teri, Vida and Simon and Vida's home in June 2021. We were having a conversation around the table about the business opportunities. Vida fired up her laptop and started registering a company at ASIC.

15. She was filling the application and was asking for our personal details. When we came to the section about the company name, she said: "All right. What are we going to call it?" We were brainstorming and came up with Infinity Living Options.

16. Vida said I would be the director of Infinity Living Options Pty Ltd (ILO) and I wouldn't have to do anything. They knew that I don't know much about the corporate world and I would be just a someone to register a company to.

17. I agreed, because it sounded good to me and in my mind. I saw it as an opportunity for Teri. The focus of ILO was providing Supported Independent Living and respite.

18. I did not have to do anything in relation to ILO and I was Director of Infinity Living Options Pty Ltd only on paper, I was not managing anything. No policies or company structure was created.

19. I did not do any decision in relation to ILO and I did not see any document or paperwork in relation to ILO. There was no contract or paperwork in relation to shareholding between me and Vida. The only thing was what Vida registered at ASIC.

20. I have not obtained any financial benefit or any other benefit from being a director of ILO.

21. I only obtained financial losses because of the lawyer fees, because Vida drained ILO's account. In 2021, Vida withdrew $59,063.34 from ILO account number ending with 9192. I sent Vida an email on 18 October 2021 asking to put any other activities on hold.

22. Vida responded not to contact her and deal through her legal representatives – DFG Legal.

This statement is true to the best of my knowledge and belief. I have made this statement knowing that, if it is tendered in evidence, I will be guilty of a crime if I have wilfully included in the statement anything that I know to be false or that I do not believe is true.
