We're auditing your superannuation obligations and plan to take action

Dear Simon,

We sent you a letter dated 16 December 2024 asking you to lodge superannuation guarantee (SG) charge statements.

We called you on 16 May 2025, 11 June 2025 and 16 June 2025 to talk about your superannuation guarantee (SG) obligations, but we haven't been able to get in contact with you.

We've now started an audit of your business for the period 1 July 2021 - 31 March 2025 to check if you have met your super guarantee obligations.

Superannuation guarantee is an employee entitlement and not a Commonwealth revenue, which means not pursuing this entitlement has an adverse impact for employees. A delay in actioning any unpaid SG also disadvantages you the employer, as nominal interest will continue to accrue until an SG charge statement is lodged.

If you don't respond to this letter

We'll raise SG charge (SGC) assessments for the period under audit, based on information available to us. This includes nominal interest and administration components, and any payments made for these quarters will not be considered.

Significant penalties apply

Under superannuation law, employers must lodge an SGC statement and pay the SGC to us if they:

› don't pay an employee's SG amount in full, on time and to the right fund

› haven't met the choice of fund requirements by the applicable dates.

The SGC includes three components:

› the SG shortfall for all eligible employees

› nominal interest of 10% per annum and

› an administration fee of $20 for each employee, per quarter.

The Part 7 penalty, required by law, will be added to your SGC, which could be up to 200% of your SGC. We can also charge you an additional penalty for any error or omission you make on your SGC statement.

What you need to do

Lodge any outstanding SGC statements now

You must now complete and submit a SGC statement for each quarter you missed paying SG on time by **2 July 2025**.

If you need to discuss this matter, you need to phone us before **2 July 2025**.

Pay now if you have an SGC liability

If you have an SGC liability, we recommend you pay it in full to us straight away. A general interest charge (GIC) will be added each day until you pay your debt in full. The current GIC rate is 11.17%.

If you have paid the correct SG amount by the due date

If you believe the super funds for all your employees for the quarters listed above have received the correct amount of SG by the due date, you should review your records to ensure you have met your obligations.

If you haven't paid the correct SG amount, including if you paid late

You need to register or log into Online services for business to:

› work out the SGC using salary and wages, not ordinary time earnings (may include overtime)

› complete and send us an SGC statement for each period

› pay any SGC directly to us when you lodge.

If you can't access Online services for business, go to **ato.gov.au/SGC** for help on how to work out, lodge and pay your SGC.

Make sure you keep a copy of your completed statements.

We expect to finish the audit by **14 August 2025** however, this will depend on the details of your case.

The action you take now can help to reduce the amount of any penalty

We'll consider:

› whether you've paid any SG to the employees' super fund, even if paid late. If so, you still need to lodge SGC statements. For more information on your options available for missed and late payments see our website **ato.gov.au/latepayments**.

› if you've lodged SGC statements for the period under audit

› if you've paid your SGC liability or entered into a payment arrangement.

Significant penalties apply

If you don't give us the information we need or lodge an SG charge statement within the specified time frame, we'll send you assessments for any SG charge we believe you owe us. This will include the nominal interest and administration components.

An extra penalty, required by law, will be added to your SG charge. This could be up to 200% of your SG charge. We can also charge you an additional penalty for any error or omission you make on your SG charge statement.

If you lodge an SG charge statement, a penalty will still be considered but it will be less.

We've finished your super guarantee audit

› You have a debt with us

Dear Simon,

We've finished our audit of your superannuation guarantee (SG) obligations for the period 1 July 2021 to 31 March 2025.

Our audit shows that you haven't met all your super guarantee (SG) obligations.

We've worked out the amount of super guarantee charge (SGC) you owe and will send you separate notices of assessment.

For your information, we've included a breakdown of the amount of super we believe you've underpaid for each of your employees.

As we've now worked out the amount you owe for the period of this audit, you don't need to make catch-up payments to your employee's super fund.

We explain our decision in the Reasons for decision document we've included with this letter.

What happens next

Finishing this audit doesn't mean we can't take further action if we need to.

You need to meet your obligations for the periods that haven't been part of this audit, including the current and future periods. You can find information to help you on our website at **ato.gov.au/superforemployers**

SuperStream is the way businesses need to pay employees SG contributions to super funds. You can find out more on our website at **ato.gov.au/super/superstream**

Penalties

We may charge you large penalties if you don't meet your SG obligations.

As you didn't lodge your SGC statements on time, we'll charge you penalty of $69,111.54. We'll also send you separate notices for the penalty.

Reasons for our decision

Material facts & evidence

8. Our information shows that super contributions may not have been paid for your employees for the period 1 July 2022 - 31 December 2023.
9. On 16 December 2024, we issued you a letter requesting you lodge Super Guarantee Charge (SGC) statements for the period 1 July 2022 - 31 December 2023. You were required to lodge the SGC statements by 6 January 2025. We received no response.

Released under FOI Act 1982 Australian Taxation Office

10. On 16 May 2025, we called your mobile and there was no option to leave a message. We sent an SMS that you contact us by 19 May 2025. We received no response.
11. On 23 May 2025, we called your tax agent and left a message. We received no response.
12. On 27 May 2025, we spoke with your tax agent, they put us on hold, but the line connection was lost. We again tried to call and left a message. We received no response.
13. On 29 May 2025, we called your tax agent and left a message. We received no response.
14. On 6 June 2025, we called the authorised contact's mobile and left a message, we received no response.
15. On 11 June 2025, we called your mobile and there was no option to leave a message. We called the authorised contact's mobile and left a message. We sent you both an SMS to contact us by 13 June 2025. We received no response.
16. On 16 June 2025, we called your mobile and there was no option to leave a message. We called the authorised contact's mobile and left a message. We sent you both an SMS to contact us by 16 June 2025. We received no response.
17. On 18 June 2025, we issued you a letter advising you of the audit for the period 1 July 2021 to 31 March 2025 and our intent to raise default assessments for any SGC we believe you owe us unless you lodged SGC statements by 2 July 2025. We received no response.
18. You haven't provided us with satisfactory evidence that you met your super obligations on behalf of your employees for the period covered by the audit.
19. You haven't lodged SGC statements for the relevant quarters covered by the audit.
20. You didn't lodge SGC statements after we asked you for the information and you didn't give us any relevant information to help us work out your SGC for the quarters covered by the audit.
21. On 2 October 2020, you registered your ABN.
22. You have no overdue lodgment.
23. You have a debt on your Integrated Client Account 2
24. You have a debt on your Superannuation Guarantee Employer 3 Account.
25. You currently do not have active payment plans in place to address these debts.

We formed our view by relying on this information

26. ATO records:
    - employer superannuation contributions received by super funds for the period 1 July 2021 to 31 December 2022
    - single touch payroll data for the period 1 July 2021 to 31 December 2023.
27. Records of contact attempts and messages between yourself, your tax agent and case officer Godo Pineda.

Your views and contentions

28. We are not aware of your views and contentions with regards to your SG employer obligations.

Application of the law to your circumstances

29. If you have a shortfall for a quarter the SGAA requires you to lodge an SGC statement on or before the due date for that particular quarter.

Released under FOI Act 1982 Australian Taxation Office

30. If you don't lodge an SGC statement for a quarter, and we are of the opinion that you're liable to pay the SGC, the SGAA allows us to make an assessment of your shortfall.
31. You didn't provide us with evidence to show you've met your super obligations for the period of this audit. We therefore consider you to have shortfalls and a requirement to lodge SGC statements.
32. You didn't lodge SGC statements in response to this audit. As a result, we have raised SGC assessments for the relevant periods.

Penalties and interest charges

33. By failing to lodge SGC statements by the relevant due dates a penalty, 200% of the SGC, is imposed by law.

Remission

34. The SGAA allows us to remit, all or part of the penalty. However, the law generally restricts us from remitting penalties beyond a certain limit where:
    - the quarter ends on or before 31 March 2018, and
    - we took compliance action to establish the amount of the shortfall for the quarter
35. In accordance with Practice Statement Law Administration PS LA 2021/3 our remission process takes into account:
    - whether you've made payments to employees' super funds and the timing of those payments
    - whether you've lodged SGC statements and when those were lodged
    - your compliance history
    - any other mitigating facts or circumstances

Your attempt to comply with your SG obligations - lodgment

36. In this instance you didn't provide us with information to assist us in making an assessment of your SGC liability. We've decided to remit your penalty by 25%.

Compliance history

37. Your SG compliance history will be given more weight than your compliance history for other taxation laws. When reviewing your SG compliance history we focus on:
    - the number of quarters for which you've failed to lodge an SGC statement by the due date, or for which we've made a default assessment
    - the degree of your attempt to comply with your SG obligations previously (not including your attempts to comply for the period being considered)
    - any previous SG audits conducted by us including outcomes, and
    - any shift in your behaviour if you've been subject to a previous audit.
38. The facts demonstrate that your compliance history for the past three years is good and we've decided to remit your penalty by a further 15%.

Other mitigating facts and circumstances

39. Further remission can be considered where other mitigating circumstances exist that affected your ability to comply with your SG obligations. The factors include whether there were circumstances such as ill health, that affected your ability to comply with your super obligations, the extent of your non-compliance, or whether any payments were made to reduce your SGC liability.
40. We aren't aware of any other factors to take into consideration for a further decrease in the level of penalty. The penalty remission percentage has not been changed.

Released under FOI Act 1982 Australian Taxation Office

Penalty summary

41. A penalty, equal to 200% of your SGC, was imposed by law. We've decided to remit some of your penalty. Your final penalty is equal to 120% of your SGC. The table above demonstrates the amounts you now have to pay.

Have you paid your employees' super guarantee (SG) in full and by the due date?

› If you haven't paid your full SG amount on time and to the correct fund, you must lodge a Superannuation Guarantee Charge (SGC) statement by **18 August 2022** and pay the SGC to us.

Dear Simon,

Our records show that you may not have paid superannuation guarantee (SG) for all or some of your employees for the period 1 January 2022 to 31 March 2022.

SG payments must be made to complying funds or retirement savings accounts (RSAs) and be received in the fund or account by the quarterly due dates, which are 28 days after the end of each quarter.

With so many Australians experiencing financial difficulty due to COVID-19, our priority is to provide help and support to those who need it most and we know many have been impacted by repeated and/or extended periods of lockdown. However, super guarantee is an employee entitlement and not a Commonwealth revenue, which means not pursuing this entitlement has an adverse impact for employees. A delay in actioning any unpaid super guarantee also disadvantages you the employer, as nominal interest will continue to accrue until an SGC statement is lodged.

What you need to do

Check your records to confirm that you have paid:

› the correct SG amount for all of your employees
› to the correct fund
› by the due date.

If you haven't met these obligations, then you must lodge an SGC statement and pay the SGC to us by 18 August 2022.

If you are unable to pay by this date, you should still lodge an SGC statement, as it may help to reduce the amount of the penalty imposed. We can assist you with a payment arrangement.

The Super Guarantee Charge statement

Employers who do not pay the full amount of SG contributions to the correct super fund by the due date must lodge an SGC statement to the ATO and are liable for the SGC. The SGC is payable to the ATO (not your employee's

super fund). If you can't pay the SGC we can help you with a payment arrangement.

Unlike SG payments made in full and on time to the employee's super fund, the SGC is not tax-deductible and is made up of:

- SG shortfall amounts - calculated on your employee's **salary or wages** (not ordinary times earnings)
- interest on those amounts (currently 10%) which applies from the first day of the relevant quarter to the date the statement is lodged with ATO
- an administration fee of $20 per employee, per quarter.

SGC statements are due by law the month following the due date for payment of SG. If you lodge your SGC statement late or fail to provide a statement you are liable for a penalty.

The penalty for not lodging a statement by the due date is up to 200% of the SGC. The action you take now can help to reduce the amount of the penalty. We'll consider:

- whether you have paid any SG to the employees' super fund, even if late. If so, you still need to lodge SGC statements and may be able to claim those late payments as late payment offsets. For more information see our website **ato.gov.au/LPO**
- if you've lodged SGC statements for the period
- if you've paid your SGC liability or entered into a payment arrangement. For payment options, visit **ato.gov.au/paymentoptions**

If you lodge any required SGC statements prior to the start of an audit, penalties will be significantly lower than those we would charge following completion of an audit.

When your Super Guarantee is due

You must lodge your *SGC statement* and pay the charge by the due date outlined below.

Quarter	Due date to make contribution to superfund on time	Due date to lodge SGC statement to the ATO
1 July – 30 September	28 October	28 November
1 October – 31 December	28 January	28 February
1 January – 31 March	28 April	28 May
1 April – 30 June	28 July	28 August

When a due date for payment falls on a weekend or public holiday, it is automatically changed to the next business day.

If you have evidence that you have paid the correct SG amount by the due date

You need to give us the following information for each employee:

- Receipts from the super funds showing the amount and date of SG you paid.
- Bank statements showing the payments.
- Payroll summary data, including salary and wages and ordinary time earnings.

You can send this information to us by:

We've checked your super guarantee obligations

If you can't pay on time, we can help you

Dear Vida,

We have checked your superannuation guarantee (SG) obligations for the period from 1 January 2022 to 31 March 2022.

We have assessed the super guarantee charge (SGC) statement you lodged and worked out the amount of SGC you owe. You now need to pay this amount.

As we have now worked out the amount you owe for the period of this review, you don't need to make catch-up payments to your employees' super funds.

Penalties

We may charge you large penalties if you don't meet your SG obligations. Although you didn't lodge your SGC statement on time, we have decided to remit the penalty in full so you don't have to pay it this time.

Payment options

We acknowledge your business may be experiencing difficulties as a result of recent events. If you can't pay on time, we can help you.

You may be able to set up a payment plan to pay in instalments. You need to consider how much you can pay so you can meet each ongoing payment amount along with your future obligations.

We want to understand your situation and help you, where possible. In some instances, we may need to know more about your financial position and your circumstances. This is so we can work with you to set up a manageable payment plan.

If you're not sure how much you owe check your statement of account. You can find out more on our website **ato.gov.au/howmuchyouowe**

To find out more about payment options see **ato.gov.au/taxdebthelp**

What happens next

Finishing this audit doesn't mean we can't take further action if we need to. If you gave us all the information we needed, we'll respect any decisions and agreements we've already made if we look into your SG obligations again.

You need to meet your obligations for the periods that have not been part of this review, including current and future periods. You can find information to help you on our website at **ato.gov.au/superforemployers**

Your PAYG instalments have changed

To whom it may concern,

Pay as you go (PAYG) instalments is a system for making regular payments towards your expected annual income tax.

Your new PAYG instalment details

We have changed your PAYG instalments based on the business and/or investment income you reported in your 2021-22 income tax return.

Your estimated tax (notional tax) for the 2022-23 year is **$139,513**. You need to pay this amount by **quarterly** instalments.

We will credit the total amount you pay during the year towards the tax you owe when you lodge your next income tax return.

What happens next

We will send you an activity statement or instalment notice with your new details included before your PAYG instalments are due.

When you receive your next statement, you can choose from one of two options to calculate how much to pay. You can find more information about your options in the 'Additional information' section included with this letter.

Manage your instalments online

The easiest way to manage your PAYG instalments is by using our online services. You can view, lodge, pay, vary and manage all your PAYG instalment obligations in one place. All you need is a secure login to use our online services, such as Online services for business. You can also use your standard business reporting (SBR) enabled accounting software to prepare and lodge. You can find more information on our website at **ato.gov.au/onlineservices**

Calculating the amount you need to pay

As a PAYG instalments payer, you can choose from one of two options to work out how much to pay, which will apply for the income year. We will include these options on your first activity statement or instalment notice. **You need to make your choice before the due date of your first quarterly activity statement or instalment notice**.

Option 1 - Instalment amount

We calculate the instalment amount using the business and/or investment income from your latest tax return. The benefit of this method is that you will know the amount you need to pay each quarter, without having to work it out yourself. This can help you plan and budget for the payment.

Option 2 - Instalment rate

This option allows you to calculate your PAYG instalment amount based on your actual income for that period, multiplied by a rate we provide you. Your instalment rate is **5.13%**. The benefit of this method is that your instalments are based on your income as you earn it, instead of an estimate based on your latest tax return. You may prefer this method if your income changes throughout the year.

You can find more information about these options on our website at **ato.gov.au/paygioptions**

What if your situation changes

If your circumstances change, you can vary your PAYG instalment. **You must do this before the due date**. You may also be eligible to exit the PAYG instalments system.

You can find more information about varying instalments or exiting the system on our website at **ato.gov.au/paygi**

Due dates for quarterly instalments - for most taxpayers

The table below shows the due dates for quarterly instalments that apply to most taxpayers. We will include your instalment due date on your activity statement or instalment notice.

Quarter	Period	Due date
1	July - September	28 October
2	October - December	28 February
3	January - March	28 April
4	April - June	28 July

You need to lodge your Super Guarantee Charge statements

> You need to lodge with us by **6 January 2025**
> You must act now to avoid or reduce additional penalties

Dear Simon,

About: FORWARD FOCUSED GROUP PTY LTD. 98643878639

Our information indicates you have not paid the right amount of super guarantee (SG) for one or more of your employees by the due date.

SG payments for your employees must be received by their fund, in full, on or before the legal due date.

When you miss paying SG on time for one or more of your employees, you must pay a Super Guarantee Charge (SG Charge) to us. You must now complete and submit a Super Guarantee Charge statement (SGC statement) for each quarter you missed paying SG on time.

Your SGC statement will help you calculate your SG Charge. This amount must be paid to us.

The SG Charge is made up of:

- Unpaid or late SG amounts (now calculated on the employee's salary and wages, including overtime)
- interest on those amounts (currently 10%)
- an administration fee of $20 per employee per quarter.

You now have a SG Charge liability for the period 1 July 2022 – 31 December 2023.

Please note you still must complete the SGC statements and pay the amount to us even if you have already paid the late or missing SG to your employees' funds for these quarters.

You can get more information on SG Charge and how it is calculated on our website at **ato.gov.au/SGC**

You can learn more about your SG obligations by completing our course at **ato.gov.au/educationdirection**

Need help?

If you need help, visit **ato.gov.au/latepayments** or you can phone us on **13 10 20** between **8:00 am** and **6:00 pm**, **Monday to Friday.**

We're committed to supporting people through difficult times. If you're struggling to meet your tax and super obligations visit **ato.gov.au/support**

Find out more

You can find out more by visiting:

- SGC statements at **ato.gov.au/lodgeandpaysgc**
- how to work out, lodge and pay your SG Charge at **ato.gov.au/SGC**
- how to pay at **ato.gov.au/howtopay**
- your super obligations at **ato.gov.au/superforemployers**
- how to use the Online Services for Business at **ato.gov.au/OSB**

Meaning of terms

Released under FOI Act 1982 Australian Taxation Office

What you need to do

Step 1: You need to complete the SGC statements and lodge them with us. You don't need to tell us you have lodged or are about to lodge your SGC statements.

You will face higher additional penalties (up to 200% of the SG Charge) if you don't lodge the statements with us by **6 January 2025**.

You can lodge SGC statements online through the Online services for business. SGC statements are available on our website at **ato.gov.au/lodgeandpaysgc**

If you believe the super funds for all your employees for the quarters listed above have received the correct amount of SG by the due date, you should review your records to ensure you have met your obligations.

Step 2: You must pay the SG Charge amount calculated in your SGC statements to us. Interest continues to accrue until the SG Charge is fully paid.

You need your payment reference number (PRN) to pay your SG Charge. Your PRN is 3005332025335821.

Go to **ato.gov.au/howtopay** for payment instructions when you are ready to pay.

If you can't pay your SG Charge

You should still lodge your SGC statements by **6 January 2025** even if you can't pay in full.

Lodging by the due date can reduce your additional penalties. Interest will continue to accrue until the SG Charge is paid in full.

If you don't lodge

We may contact you or start an audit if you don't lodge your SGC statements with us by **6 January 2025**. Failure to engage or comply may also result in us raising a default assessment.

If you don't lodge before an audit commences you will incur additional penalties.

For information about our commitments to you and what we ask of you, go to **ato.gov.au/atocharter**

Yours sincerely,

Emma Rosenzweig
Deputy Commissioner of Taxation

The effective date is the date we use for the calculation of general interest charge and other penalties or interest. It is also the due date of any liabilities.

Payment requirements for large business
If you are a 'large' withholder for PAYG withholding, or your GST turnover is $20 million or more, you must send your payments to the Tax Office electronically. Electronic payments can be made using BPAY, direct debit or direct credit.

General interest charge (GIC)
Where any amount is not paid by the due date, GIC accrues on the outstanding balance until the entire amount has been paid. Interest is calculated on a daily compounding basis. GIC is currently imposed at a rate of 11.42% per annum (reviewed every three months). The GIC is tax deductible in the year that it is incurred.

GIC remission – You can request remission of GIC. We may remit the GIC if satisfied that the delay was due to circumstances beyond your control and you took reasonable steps to lessen the effects of those circumstances. We may also remit GIC in other circumstances where this would be fair and reasonable.

We have cancelled your GST registration

To whom it may concern

We've cancelled your goods and services tax (GST) registration because you've advised us:
- your GST turnover is below the required threshold
- you no longer want to be registered, and
- you're not required to be registered.

The cancellation takes effect from midnight on **31 December 2024.**

What you need to know
You will no longer report GST to us on your activity statement for any future tax periods. However, you will need to lodge any outstanding activity statements and account for any outstanding GST for periods up to the date of cancellation.

If you're required to lodge an annual GST return, you will only receive the correct GST instalment credit amount if you lodge your activity statement for the corresponding year prior to lodging your GST return.

Although you may no longer have an obligation to lodge your activity statements, you may still be required to lodge income tax returns. You need to ensure all income tax returns are lodged by the due date.

What you need to do
If you're registered for pay as you go withholding, pay as you go instalments or fringe benefits tax obligations, you need to keep lodging activity statements. If you need to cancel any of your other tax obligations, please phone us on **13 28 66** between 8.00am and 6.00pm, Monday to Friday.

If you still have business assets to which you were, or are, entitled to GST credits after the cancellation date you may need to make an adjustment in your final activity statement. For more information about adjusting your activity statement, phone us on the number above.

If you accounted on a cash basis at the time of cancellation, any amounts of GST, adjustments or GST credits you have not yet accounted for will be attributable to your concluding tax period.

Review rights
You may object to our decision to cancel your GST registration and the date of cancellation if you're dissatisfied as these are GST reviewable decisions. Important Information

A general interest charge of 10.65% is charged on all outstanding balances.

Amendments and Objections
If you think we've incorrectly calculated your assessment, or we haven't taken all the relevant information into account, you may lodge a written request to amend the assessment.

Amendment requests should clearly detail how you believe the assessment should be calculated and what new information should be taken into account.

You will need to supply supporting documentation such as:
- Salary and wage records
- Contribution statements from your superannuation fund
- Records that show you've met your choice of superannuation fund obligations.

If you think that the legislation has not been correctly applied when your assessment has been raised, you will need to lodge a written objection with us by 17 April 2026, providing detailed reasons why you believe the legislation has been incorrectly applied.

Please also ensure you sign the objection yourself and quote the 'Our reference', 7167202775426, in your correspondence to us.

Details that will be reported to CRBs include your Australian Business Number (ABN), legal name, business name, the type of entity you are and the amount of your overdue tax debt. We can do this if you:

› are registered with an ABN and are not an excluded entity (deductible gift recipient, registered charity, a government entity or complying superannuation entity)
› have one or more tax debts, the total of which at least $100,000 is overdue by more than 90 days
› do not have an active complaint with the Tax Ombudsman about our intention to report your debt to CRBs, and
› have not effectively engaged with us with respect to your debt.

If we report your tax debt, regular updates on the balance of your debt will be provided to the CRBs until you no longer meet the reporting criteria.

The total amount outstanding is $206,357.11. You can pay your tax debt using one of the payment methods we've listed on this page. Details of your debt can be found on the attached page.
