Subject: Re: Levi's Invoices From Forward Focused

Hi Vida,

In reference to your email.

First of all, we have a qualified plan management team, and we are well aware of plan management guidelines. That's why the concern has been raised in regard to use of incorrect codes. This is not first time our team is contacting your company to rectify this issue; the concern has been raised various time previously and It's our honesty and integrity that we are informing you to send us amended invoice every time. I would suggest you do some research on NDIS website to stay updated. The support coordination from core has been stopped since 31 March 2021. Refer to the link below.
Support coordinator measures put in place during the COVID- 19 pandemic will be extended until the end of March. | NDIS

> Support coordinator measures put in place during the COVID- 19 pandemic will be extended until the end of March. | NDIS
>
> Support coordination line items claimable under a participant's Core budget will continue until 31 March 2021. Beyond this date, support coordination will continue to be available to all participants who have a reasonable and necessary need for it and can be claimed from their Capacity Building budget.

I prefer to communicate through emails for more clarity and record purposes and no one from outside the organisation will decide the preference of my communication.

We have not raised any allegation on your team or on our teamwork. However, if you have any concerns regarding our organisation, raise your red flags with NDIA as everyone has freedom to do so. We have our own therapy team for therapeutic support, and no one has asked anything about FCA's so please do not distract the matter and it will be great if you can provide information which has been asked.

The 'without charging services' can be seen in your invoices. The **total $21864.47** has been drawn from Levi's funds by Forward focused Group during last plan (service report attached) and out of which **$7270.16** has been drawn under support coordination service before 31 March 2021 despite the fact the plan was just issued on 17/02/2021.

Invoice 0044 reflects, in 6 days(23.03.2021 - 31.03.2021, you provided 55 hours support coordination services) and the participant has been charged for $5507.70. Being a support coordinator, you should have advised the family to use the funds efficiently and wisely so that funds would have last until the plan end date with no disruption in services.

If you have any further queries, please directly contact NDIS, we do not have any further clarifications to make.

If you have any questions, please feel free to let us know.

Kind Regards,

Zoey He

Hi,

As per our meeting with Forward Focus yesterday, we where put in a positive to let one go because forward focus said they cannot keep being Levi's supoort coordinator if we are with Access Foundation.

Moving forward my decision was, I am happy to be a mediator between Forward Focus and Access Foundation till my wife can find someone suitable to be his plan manager. So all invoices will me send to me from forward focused from his previous plan and the current new invoices. I wil forward it to Access foundation for approval and to be submitted to NDIS.

Good Afternoon,

We have had a formal meeting with Levi's parents yesterday where we have explained and clarified our position an went through everything line by line to which they stated they are happy with.

As the support coordinator for this family and appointed professionals to act on their behalf I am advising you that you have been let go as their plan managers and your services are no longer required.

In the past this family attempted to change plan managers to which you threatened her and this is all recorded and also not appreciated.

I see no reason to bring my company down to your level and to continue this conversation which is going round in circles due to lack of professionalism and your *inability to communicate effectively.*

We have appointed a new plan manager as per the family's request. I will warn you that if you do make any further threats to the family and try to stop them from changing plan managers and taking away their choice and control I will report you to the disability commission.

Goodbye and good luck in your future business with participants and other providers. We wish you all the best.

Candice – if you could kindly contact seteven and jerusha and also cancel the services of the current provider that would be much appreciated. Thank you
