Maurice and Fraud Taskfoce,

I have looked at this invoice further, and noticed that they have charged me from the date I terminated services, which was 4 days after the end of my original plan, there was no new service agreement in place for future plans. I have been charged for 61.5 hours of services and did not even receive a phone call in that time. You will also note that self management capacity building is not listed in my plan, so they cannot be charging that fee.

I will reiterate, that I had no contact with FFG or The Hybrid Hive after the 26th of April, aside from conting them yesterday, in regards to this invoice being charged.

I have also been made aware that there may still be another $4000 cancellation fee, however I am also aware that they have no grounds to charge this fee when I gave appropriate notice, given that my plan had already expired at that point.

I would like a case file to be opened and further investigated. Can I please be kept informed on any further evidence you obtain.

Kind regards,

Sarah-Jane Hammond
