08/07/2022	Janine Hall	45 minutes	1. General Notes	Calling re ceasing services	Spoke to Mum (Meng) on the phone. Her Plan Manager had advised us that she was ceasing services. When I called her to discuss this, she complained about phone calls that were received that were for 1 minute but were charged at 15 minutes. She said she didn't need random people calling to ask if they were OK only to have to explain that the Support Coordinator was dealing with everything. She does not want to receive phone calls from anyone other than the Support Coordinator. I apologised and assured her that it won't happen again. She was happy with that and with the progress that Tanya has been making with the preparation for plan review. She will advise the Plan Manager that she will remain with us for Support Coordination. I explained that Tanya was not here anymore and that we would allocate a new SC, but that we would continue to look after Aiken well. She was happy with this and the call ended well. A note has been placed on Careview to NOT make "check in" phone calls.	$0.00
