Everything is at a bit of standstill at the moment and we will need to wait to continue this process. Unfortunately, Andrew's tenancy will not be renewed due to an alleged incident involving the property. I don't know too much but Andrew's currently on remand in Hakea Prison. Court date is set for next week but it's likely it'll be remanded again and I'm just not sure how things are going to go for him. Even more so it's likely he will return to the family home and I just can't see how he'll be eligible for rentals in the future. Even worse, he is no longer eligible for my program under NPAH and I am required to work towards a closure, but will be keeping him on for as long as possible. This works out to be a extra $3,000 on top for the yearly plan. I have attached service agreements for the new plan. Can you please have these completed and sent back prior to me linking any services. Regarding the plan management, I recommend provider choice as the portal is extremely user friendly to track the funding. If you would like to go forward with provider choice, I have attached the forms also to complete and I will send the details through to Andrew ?? I can also see psychology has been funded in the new plan, would you like me to link the service? SC attended the plan review.
Requests of recovery coaching to be implemented along with SIL, psychology and employment opportunities. SC stated she will send the goals through by COB on friday 16/07/21

Hi Helaina,

You did a fantastic job today in the planning review!

We will now need to get to work reagrding the goals and other forms of evidence we will require for the NDIS to implement the below –

- Pyscosocial recovery coaching (mental health support worker)
- SIL (supported independent living)
- Psycology – Will need to contact previous linked mental health worker to retrieve all medical evidence possible.
- Goals

Please see template below we can start adding too and speak with Andrew and ask if this would be suitable and doable goals he can active throughout his next NDIS plan. Let me know if the below may be suitable for Andrew's current situation.

Any further medical supports you may have contacts for, please flick them my way.

New goals

Your New Plan Goals Strategies (your steps towards this goal and who might help you)
Goal I would like to maintain and/or improve my physical mobility, mental health, and wellbeing and to participate safely in activities of daily living as independently as possible. By receiving supports necessary to complete daily activities, including personal care, so I can increase my independence, mental and physical well-being and increase my strength and functionality.

Goal I would like to live in a SIL accommodation/house of my own in a peaceful environment where I feel safe and supported. My LAC will support me By including funding for supports in my plan to conduct the required assessments, obtain, secure and maintain my tenancy as I don't understand finances.

Goal I would like to build my independence with daily life tasks such as cooking, cleaning and self-care tasks including socialising, increasing my skills to engage and maintain in positive relationships with my family and others around me. My LAC will connect me to providers to achieve this goal by receiving supports necessary to

olve independently. I will gain the skills to become more resilient. I will use these skills in my everyday life to help me understand the complexity of relationships at school and at home.
By building my capacity and confidence, through accessing the community more often, so I can be practise my skills in a variety of social settings of my choice
My planner will assist my family to connect with supports that work with me to achieve this goal.
Goal I would like to have breaks and time to myself away from my family and therapies throughout the year so I can re-energise and regulate my emotions. By continuing to access respite. I will develop my social and communication skills with others and increase my independence away from my parents and my home for longer periods of time on end

I had a conversation yesterday with Stephanie who is currently filling in for Helaina Dunn from Youth Futures until she returns next week. Currently Andrew is accessing NDIS registered providers for all his supports and finally getting the support he requires. For the next plan the Plan management component will be setup correctly, then if he chooses can access non- NDIS registered providers. There is also good justification to include Support Coordination in his next plan too. Hope that helps. Also thank you for the FCA, I have uploaded to Andrew's file.
