Hi Andrew,

Please allow me to give some answers for the below –

T-J has been given a medical appointment that was hard to secure and might not be present tomorrow to allow access to our home for cleaning tomorrow at 10:00. T-J does have a lockbox with a key to access the property that we can provide to the cleaner if she feels comfortable. The dogs will be present but secluded to the yard and the laundry.
Leanne is scheduled for fortnightly as your plan does not cater to weekly cleaning appointments. Leanne will be attending next week for the same time, and is happy to utilize the lockbox.

She has attended once and should have the rundown of what we require. Can you please supply me/T-J with the contact details for the cleaner you've secured us (i've only got an email and am concerned she may not see it before attending.)
Leanne has attending a total of two times for cleaning services, please confirm. Unable to give the number out for Leanne due to company policies, but if ever in need of anything I'm happy for you to pass my number on to TJ

Also, T-J was delayed this afternoon and was not present for the gardener to view the property. We are uncertain if he attended but all the gardening (with one small exception) is visible from the public road. If you hear from them and they mention something along the lines of (I only saw the front yard) then an estimate based on what they saw will be adequate
I have called the Gardener this morning, I take complete fault for this as I did not send the address through, he Is happy to do drive past today and view the gardens. I will keep you updated. Just to confirm the address has now been SMS through to the gardener.

Thanks Andrew, ill be in touch shortly ??

I have engaged with the Forward Focused Group and they have been my saving grace with providing me with the support that I need. Support Coordination that they handled was the hardest thing that the NDIS review process put me through and if it was not for the Forward Focus group, I would not have completed the process and likely received a subpar result. I request that my plan management type is set to Fully Plan Managed as I initially requested. Subject: NDIS plan

Hi Andrew,

Was so lovely speaking with you again today, and very glad to hear you are home safe and well.
We went through in fine detail regarding your plan via phone, I have attached a hard copy for you.

NDIS plan -
As discussed, a few supports have been locked in as NDIA managed, along with Support Coordination, where you have gained a good relationship and support system over the past 3 months. This was requested in the planning meeting with yourself and me.
NDIS did not issue this due to reasons I cannot give you answers to.

** Light Touch Plan Review request submitted to amend Plan management type so it is fully Plan managed as initially requested.
Plan management start-up costs and ongoing fees allocated under Choice and Control however all support categories in Determine Plan Management are ticked as Agency managed Possible error when approving plan** ##Please amend##

Please feel to contact the NDIS regarding your concerns via email for NDIA managed support coordination to be changed to plan managed.
You are able to send this to the following email address'.

feedback@ndis.gov.au
enquiries@ndis.gov.au

APM -
In regards to your up coming appt, can you please have the following completed -
X2 Quotes for a service on your car
Your rego renewal
Can you please provide me with your initial appointment date?

Westcare -
I have spoken with Richard regarding the $15,000 which will be allocated to keep you in supported employment. Before commencing back to work, I would like to gain

Good Afternoon Richard,

As per discussion via phone, we have good news! The NDIS have approved Andrew for supported employment that has now been implemented in to Andrew's plan. The amount assigned to you at Westcare is $15,000. For this to be a smooth process, please see the below instructions on how to bill this for Andrew's support employment.

Andrew's assigned plan managers are - invoices@ndsp.com.au Invoicing will need to be sent on a monthly basis for payment. This can take up to 5 business days to clear.

$15,000 allocated for supported employment is a total amount of $535.70 weekly. On a monthly basis this will be a total amount of $2,142.80.
The amounts above will be for the 6 month period of Andrew being employed.

Are you willing to provide employment for Andrew at the rate of $25.00 per hour ongoing, with the above amount allocated to assist with wage purposes and supported employment?

Subject: FOI request Andrew Hahn NDIS: 431173013

Hi FOI team,

My participant has just advised me that they have placed a FOI request online. In that request they have also asked you to forward myself a copy of the FOI.
I am the appointed Support Coordinator for Andrew Han.

Today I called the LAC at APM Jenneane Moylan and kindly enquired as to why the plan which was requested by the participant to be fully plan managed returned as support coordination NDIA managed.

Her responses were as followed:-

- I have known this client for the past 2 plans and know what they need
- I know what I should put in the plan for him
- I don't want to give you the plan as plan managed
- I have advised the delegate not to give you the plan as plan managed because you sued to work at APM!
- You are charging this client money and have sharp practices! We would love to know what this means please. This is a very offensive comment.
- I will not change the plan and the participant can go and learn how to do everything himself and he doesn't need you.
- You can't hold his hand forever and he has to learn sooner or later!
- It's not fair that you make this much money!

The above comments are very concerning and out of touch and seem to have been made on a personal revenge against myself which my client now has to pay for.
The LAC's actions have placed my client at risk and we are all very concerned. My participants father just died last week for god's sakes.
I politely thanked her for her time and ended the call.

I would like to urge the NDIA to please correct this issue ASAP.

Subject: NDIS Plan for Andrew Hahn 431173013 [SEC=OFFICIAL:Sensitive]

Good morning Terri,

I have attached a copy Andrew's new plan below is copy of the declined supports provided by the NDIA;

- "1. ALL CORE DA FUNDING:

- The NDIS is not responsible for providing crisis accommodation, or interim housing arrangements due to a lack of affordable housing. It is more appropriate for support coordinator to assist participant in linking in with available mainstream services in this regard.
- If supported housing is required to meet disability related needs, then a housing exploration report will need to first be completed and submitted for NDIA consideration.
- There is insufficient evidence to determine that participant requires 24/7 support to be considered eligible for short term accommodation.
- Medium term accommodation is not applicable at present, as a long term housing option has not been identified where MTA funding is required as an interim measure.
- As participant is not living in a stable housing option, funding for assistance with domestic supports does not meet reasonable and necessary criteria.

2. CB DA - PSYCHOLOGY
Behavioural supports are to be addressed in CB Relationships (please refer to CB RELATIONSHIPS JUSTIFICATION).
The additional funding for psychology proposed in CB DA category, to address participant's anxiety and depression related concerns, is considered a duplication and more appropriately funded through mainstream mental health services.

- The following changes to plan were discussed in detail with LAC and NDIA Delegate:

1. CBDA
- Behavioural supports are to be addressed in CB Relationships (please refer to CB RELATIONSHIPS JUSTIFICATION).
The additional funding for psychology proposed in CB DA category, to address participant's anxiety and depression related concerns, is considered a duplication and more appropriately funded through mainstream mental health services.

- Delegate has determined that it is R&N to fund 20 hours of Occupational therapy to assist with identifying participant's long term housing needs and to support participant with skills development in areas including budgeting, daily living, communication and social skills, so that he can increase his capacity to maintain work/social relationships (rigid thinking and ASD related functional limitations have hindered participant's ability to maintain employment and social relationships to a significant degree thus far),appropriately manage his emotions and responses to external changes in routine/environment, and find / maintain long term housing /tenancy

obligations (plan goals).

FUNDED LINE ITEMS:
Assessment Recommendation Therapy And/or Training (Incl. AT) - Other Therapy (x 20)

2. CB RELATIONSHIPS:
FUNDED LINE ITEMS -
Level 1 Behavioural Support Package:
36 hours of specialist behaviour intervention support,
20 hours of behaviour management plan and training in behaviour management strategies.
No previous behavioural intervention has been delivered, and as such there is insufficient evidence to warrant the need for a level 2 behavioral support package.

3. CONSUMABLES:
After Considering 34.1.c (value for money) of the NDIS Act - reasonable and necessary criteria, delegate has determined that affordable noise cancelling headphones can be purchased within the $200 - $250 range. As such, consumables budget has been reduced to $250.

4. DA (DECLINED)
The NDIS is not responsible for providing crisis accommodation, or interim housing arrangements due to a lack of affordable housing. It is more appropriate for support coordinator to assist participant in linking in with available mainstream services in this regard. If supported housing is required to meet disability related needs, then a housing exploration report will need to first be completed and submitted for NDIA consideration.

There is insufficient evidence to determine that participant requires 24/7 support to be considered eligible for short term accommodation.
Medium term accommodation is not applicable as no long term housing option has been identified to justify MTA funding as an interim measure, and as participant is not living in a stable housing option, funding for assistance with domestic supports does not meet reasonable and necessary criteria.

Delegate has therefore declined ALL proposed supports within this category.

5. SCC
Employment supports calculated as follows:
32hrs per week / 3 = 10.66
10.66 x 48 weeks = approx. 512
512 x $55.47 = $28 400.64

4 hrs. per week of Social Community and Civic supports maintained as per previous plan value

I will later today.

Kind Regards
Jenneane

Hi Jennene,

Hope you are well.

Can I please have an update on how far away Andrew's plan is as the employer is currently back to back requesting this. Andrew is at severe risk of loosing his employment.

Thank you

Warm Regards,
Terri Roberts
