This afternoon i have received a phone call from Karen at Konect regarding her meeting with Andy this afternoon.

Karen has informed me that Andy was doing ok but became very distressed and started vomiting due to his anxiety. Karen has asked if either Myself or a collogue would be able to go and see Andy to make sure he is ok. I have told Karen that I will personally call Andy as the other Staff members in the Safety Bay office are currently Busy.

I have called and Spoken With Andy. at the time of the call he stated that he was still in the on suite of his room and was still vomiting in the toilet. I spoke with him and asked him what he thought set this off, he has said that he just became very anxious and his anxiety got the better of him and he started feeling quite unwell and sick. he has also stated that he is worried about his living situation, I have said to Andy that i am aware of the situation and that I am already working on looking for and organizing a property for Andy to live in as FFG and Konect do not want to let Andy live on the streets. I have also helped Andy try to calm down a little as he is very worked up. I told him to slowly sip on some water and try to take deep long breaths to try and relax as much as he can. Andy had said thank you and that he appreciates me giving him a call and making sure he is ok and that i am already on top of the housing situation.

After Speaking with Andy, I have called Karen from Konect back to let her know how Andy is going. I have explained to her that his anxiety got the better of him and he started feeling quite unwell and sick. Karen was happy that i called her back and told her how he is going. as i told her that i have a good relationship with Andy so i could speak with him and help calm him down a little. I had explained that this is not the first time recently that Andy has been like this and that i will keep an eye on him to make sure he is ok and that he can call me if there is any problems or if he just needs to talk.

Due to being a phone call i do not have anything to attach.

Had a meeting with Andy this afternoon disusing the things i have done for him this month, with the request he sent in December.

ORS - I have tried to contact them multiple times regarding Andy and they have never got back to me or him, so Andy has requested that we look for someone else that can do this as he has been waiting on them for 6 months.

Plan Review - Andy has asked that I have everything ready for the plan review, I will be speaking with Vida in regards to this as this will be my first full plan review and i do not want to miss anything.

SW - Andy has told me that the reason he chose this house over the other is that he was told he did not need a SW if he lived in this house. this has now changed and he is concerned that he wont utilize them as necessary.

SW for Sunday - on Sunday the 30th a SW arrived at the house, there was no prior message or communication with regards to this SW coming to the house, Andy felt quite uncomfortable as he was not expecting anyone to be at the house. he did not go for his afternoon run or any f his normal afternoon tasks/ hobbies as this out him in quite a bad headspace for the day.

PT - Andy has asked that looking for and organizing an OT can be put on hold for now as he is doing his own exercise at his own pace and is happy doing this for the meantime.

Internet - can the clients of the house have access to the internet username and password for when the internet goes down (like it did last night 31/01/22) so either of the clients can call/ look online as to why the internet is down

Gate - would like to know when he will have access to the gate closer to the house as this is easier for him to get in and out of the complex

Door Bell - would we be able to get a door bell for the main house, so people do not need to call Andy directly, as he gets calls to let people in the house that are not for him.

Invoices - as per the email on the 27/01/2022 from Vida to Andy the invoices will be fixed by the accounts team.

Blinds - as we cant do anything with the current blinds, can we sort out a curtain or something as the sun come in quite bad upstairs in the afternoon.

Offer Draws - Andy was offered to have a set of draws added to his wardrobe. This is something Elanor and Vida are sorting out and i will need to check with them if this is still happening.

this morning i have received an Email from Andy, with regards to his plan and what he would like to start on in the new year. I have read through the email and have spoken with Vida regarding the email.

I will create tasks for my self to start and complete so i will not miss any of his queries.

please see below of the email i am referring to.

Hey Alex.
Once you've returned and things are happening again I would like to go over the following points. I'm going to be assertive about progress reports and dates set within a reasonable time frame. I don't want a false start to the new year.

1. ADHD diagnosis
I want to have an appointment with a diagnoser before the end of January. I've been requesting this for sometime and so far nothing has been set in stone. If this is not possible, I want to know before the 7th of January and then I would like to know how much longer I must wait.

2. ORS Behavioural Therapy
I also want this to begin before the end of January. My initial assessment was in mid July nearly 6 months ago. This is too long to wait.

3. Japanese Tutor
Once more, I want to begin this before the end of January. One on one session to be clear.

4. Plan review
This has been mentioned several times and not much has actually occurred. If we need to go to APM - NDIS again then I want this appointment to occur before the end of January.
- Change the bulk of the employment assistance (a social worker to attend work with me) to other forms of support as this is not useful in my instance
- Adding of SIL clauses into the plan.
- Review and plan how to use all funds before the next full review (scheduling and costings please, I want to see what is happening when).

5. Smelting
Briefly talking with Vida's partner, he mentioned that there might be some ways he can assist in my pursuit of my smelting. Can we arrange a meeting so that we can discuss this further.

dressed please. If they fall outside FFG perview then please advise me so I can proceed with addressing them myself.
I'm emphatic that 2022 will be better than last year and I don't want this motivation to produce less than desired outcomes, please help me achieve my goals.

21/12/2021	Alex Bowers	15 minutes	Phone Call / SMS	Sent andy sms regarding new house mate	i have sent Andy a SMS regarding the new participant moving in today/tomorrow. he is ok with this might be a little anxious though. as it is such short notice.	$25.04
21/12/2021	Alex Bowers	2 hrs	General Notes	Recovery Coach Meeting	** Large Note printed below.	$200.28

Had a recovery Coach Meeting with Andy this morning. He is quite happy with the house and our work with him. Andy has stated that the fire alarm up stairs is still flashing red but is not going off randomly at the moment.

Rent and Utilities - Andy has asked what the go is with rent. as he has not paid anything as of yet and doesn't want it to come back to bite him, he is aware that 30% of his Centrelink will be taken for rent but he does not know when this is to start or how it is meant to be set up. he also know that the internet is not paid by him as we are paying for it for the office.

ORS - in the plan for Andy it states that ORS is meant to be helping Andy with Improving Relationships but have not contacted him since July this year.

Support Workers - In his currant plan there is Funding for a support worker, this was added to his plan with out his knowledge, this made him quite upset as he was not involved with the last review. could we change this in the next review to something that will benefit Andy as he does not need a SW due to him being able to do all domestic and basic tasks on his own as he has been doing this since he was 10 Years old. he also does not like telling or asking people to do the work he can do on his own especially if it is not done correctly as he does not want to tell them they did it wrong as he does not like confrontation.

Regarding Andy's employment - he is with APM and Max is his contact there. I have offered to Andy that if he requires i can come with him to APM/ Job interviews as a Recovery Coach so if either of them need more info i can get it for them. Andy has informed me that he has already got his Employment subsidy ready to go when he finds a job.

Smaller things we could action with Andy

He needs somthing stating he lives here at the SIL house so he can.

1. change his drivers license to the new address and,

2. redirect all his mail to this address rather then his current P.O box up near the city.

Can we try and organize a way for Andy to get funding or use a line of funding for him to learn Japanese as this is something he would very much like to start doing. as it will help with his ASD and Anxiety because he will be focused on a task he is enjoying.

and is there a way that I could take Andy out in the new year for a bit of Archery Practice as He and my self a big fans or archery and would love to go to a range when we can.

Subject: RE: Containers for Change and other Job stuff

Hi Andrew,

1. I've been doing a couple of gardening/house work for friends using my ABN (they are using their own NDIS funds to pay for me. I might need help doing tax/insurance/super. Can you provide assistance or should I approach Centrelink?
I would advise not to seek employment through other participants as this is a conflict of interest to receive NDIS funding for paid work through friends. You can however, advertise your services to other providers and if this is something you would like work wise, we can send your our own participants ?? Approach your employment consultant who will be able to break this down for you.
2. I've been offered an interesting job proposal from my friend Sam who is a Bladesmith, he wants me to do some work on commission basis. There would be plans down the track to have me as a part time worker (if it works out) but I was wondering if I can use my employment funding when work is commissioned based. If so, what is required?
I will need to research this, as the employment funding is for supported employment through organisations. I will need to gain more advise on this.
3. I have had my jobseeker criteria set to 10 job applications a month. This has had me rethink Containers for Change and scrap metal Yards jobs. Do you still have access to the people you mentioned when last we attempted to gain employment and are the job opportunities still full?
When this question was asked back in April, I was advised the contacts are no longer. I would actually reach out to Sam as I know he is married to Kristy, who might just have that contact. I reached out to another person who was dealing with the contact and they are no longer unfortunately

On another note, I had the Gardener call (didn't get his name again) but he scheduled a visit for the 5th. I'm now worried that the previous guy was the one that called me to schedule the 5th and the service you lined up on the 7th was someone new (I vaguely recall a comment about someone falling thru). can you please confirm which it was and make sure there aren't any mix ups. sorry I can't give you more details, the phone call record was lost due to a phone Factory reset and I didn't write down any details. Did they attend today?

Read and responded to Andrew email and texts.

Good afternoon Andrew,

Hope you are well ??
Sorry for the delay in responding to your email, we have been having IT issues ,but thankfully they seem to have been resolved today.
In response to your questions:

- The Gardener (Adam) is scheduled to do your lawn fortnightly (using the lawn mower at the house to avoid cross contamination, as requested). He should have attended this morning at 10.30am – please advise if he did not attend.

- I've spoken with Alana who advised that she is currently finishing off her report and it will need to be reviewed by her manager before anything can be put in place.

- A referral has been made to see a psychiatrist regarding the assessment for ADHD, but there is a long waiting list – so I will let you know once I hear back from them

Terri will respond shortly to the questions on your recent email - around employment, as that is her domain.

Take care,

Hello Terri
This is going to be an involved process and I'm sorry to drag you through other peoples ineptitude.
For future processes, can I please be cc'd or a summary email sent to myself when you communicate with agencies, individuals, businesses and what the topic/outcome of those communications. Everyone is making off hand comments that they did X, told you Y and I can't keep them straight (part of what the problem is)

They have sent me an sms about arranging an appointment that will require a $200 booking fee (uncertain as to the full price and whether I can pay with Medicare, NDIS or other funding or out of my own pocket). How can I use my funding to secure this diagnosis? I'm avoiding using my own money as with employment I don't want to put out if possible but on the other hand, the waiting lists are all very lengthy so the sooner the better

4. Gardening & Cleaning

. I still haven't heard from the gardener about coming through this residence. Can you please seek an update (I know the weather upset a lot of schedules but it's been quite a long wait)

a. We have arranged with the cleaner access and scheduling. Can you please sit with me and show how much these services will cost my funding over the years cycle and see how much more I have available for other services.

I've shut down hard because of all this. I can't keep chasing agencies asking what needs to be done. I need them to tell me what I need to do and what they are going to do and meet in the middle.

Hello Terri and Max
Just a heads up now so you can be prepared Monday, I'll be wanting to start looking/exploring options for new employment on Monday.

Max I wanted to ask if I made any of the "you've been with us for X, here a ....voucher"

Also, we haven't arranged our next face to face. Currently Wednesday is the only day I'm unavailable as I no longer have work to prevent attendance.

Terri, I plan to go through the list you gave me this weekend and will likely have questions/want to proceed with Y starting next week.

Have a good weekend and I'll either await to hear from you or contact you on Monday.

Can I kindly ask once you have received Andrew's tickets to forward to myself if possible to keep on record. I have spoken with Andrew via phone regarding other roles he feels he will be suited too. Andrew would fit right in with any form of council job as he abides by all rules in any companies and expects this from other employee's on ground level. He is very structured. I even offered Andrew to create his ABN to do gardening and be invoiced by the NDIS for the work he does. I also received feedback from Centrelink regarding his DES application that was rejected, don't understand why as he meets the criteria for DES payments. Are you able to check his ESAT to ensure he has the correct disabilities lodged? If not, happy to forward this to you for this to be renewed.	$50.07

I have received a SMS from Andrew yesterday late advising his cease of employment 27/07/21. I sent an email to the CEO Friday afternoon as I was advised by Richard (floor operations manager) of Westcare the CEO needed to terminate Andrew due to the lack of funding available for him. I have been banging my head against the wall as the employers were offered $15,000 for supported employment through the NDIS, which we fought to get in his NDIS plan. The eligibility is there. I spoke with Richard in detail advising the funding available and Westcare were also aware of the wage subsidy offered by yourself. This still did no secure his employment, for reasons I'm completely unaware of. After this news, Andrew is extremely deflated as he turned up to work, worked and enjoyed his surroundings. I will continue to support Andrew with his mental health. I will keep you updated on this.	$50.07

27/07/2021	Terri Roberts	1 hr	Phone Call / SMS	Termination of employment 27/07	Andrew messaged SC advised of his termination. SC called Richard and advised she did not hear from anyone at west care. Richard advised they are not eligible for funding. SC stated he is and this has been sent in an email to the CEO to advise this with employer work brochures and funding amounts ect. Richard then stated he needs to take direction and has to follow orders with the employment. SC stated Andrew sent me a SMS advising west care have invited myself for his termination and SC did not get this email to advise or call. SC has called other employers regarding Andrew's termination in hope for a new role. SC has attempted to contact Andrew's employment consultant and followed up with email	$100.14

Importance: High

Hi Rob,

I would like to formally introduce myself as Andrew Hahn's support coordinator, I hope you are doing well.
Thank you for everything you have committed to over the years working in the disability sector and the lives you have changed in our community.

I would like to touch base regarding Andrew Hahn's current employment. I have spoken with Richard who has advised me due to the eligibility of Andrew's funding, Westcare are unable to continue with Andrew's employment.
When Andrew first commenced with Westcare, he was not eligible for the supported employment neither any funding from his DES provider. At Andrew's request we submitted for a review in hope to gain the funding to assist Andrew with " Keeping, maintaining and sourcing employment" in his NDIS plan. This was approved by the NDIS due to the constant changes in previous work places as Andrew was not able to gain to correct supports in his places of employment. Andrew since has been employed by Westcare since April 2021 and has really enjoyed his experience he has gained. Not only this, Andrew's mental health has increased significantly. I thank you for this.

Andrew was successful in gaining funding to maintain his place of employment and to be supported in that place for employment. Please see attached email I sent to advise the funding currently in his plan to utilize, and to advise of Westcare being eligible to bill for the supports.
When speaking with Janel regarding another participant who was successful in his trial with Westcare who also has an NDIS plan with the same eligibility, I was advised the dollar amounts will be billed as weekly payments.

The new pricing for supports in employment gives participants greater choice and control about where and how they work, and who provides their supports. Participants may choose to purchase support in a range of employment settings including:

- private enterprise
- not-for-profit
- public sector
- family business
- self-employment
- social enterprise
- ADE.

related to the impact of a person's disability on their ability to work

- job customisation
- on-the-job training and intermittent support with daily work tasks
- direct supervision and/or group-based support to enable meaningful participation at work
- supports to manage disability-related behaviour or complex needs at work – This is where Andrew's eligibility comes in to the funding

Please see below rates for supported employment –

I hope I have been able to give you information you need to keep Andrew employed with Westcare. Any questions, please don't hesitate to ask.
