Subject: Requested actions

Hi Linda,

Thank you so much for taking my call today , much appreciated.

As discussed, I would like to be very transparent with Andrew's current mental health, and I feel it's very beneficial to understand his disabilities for his upcoming ESAT assessment.
I have attached a functional capacity assessment conducted by Occupational Therapist along with other reports that may be relevant for Andrew's upcoming ESAT.

Can I kindly request the current appointment booked in with CL this coming Thursday (10th June) be moved due to the sudden death of Andrew's father. Andrew will be attended the funeral over in Canberra, where he may be asked to quarantine. I can keep you updated on the progress.

Andrew has recently been transferred to Rockingham APM for his provider as previous provider did not offer the correct supports.
Andrew is currently working, but low hours and is awaiting for his new NDIS plan coming through to assist with supported employment.

If you require further information, please don't hesitate to ask.

Warm Regards,
Terri Roberts

Subject: Andrew Hahn - Transfer

Hi Julie,

Thank you for taking my call today regarding Andrew and the transfer to take place. I would like to advise the barriers of Andrew.

Andrew has been diagnosed with Autism, Asperger's and can become very overwhelmed over situations.
Andrew is clinically depressed with dangerous anxiety. Andrew at this moment in time, has not had the best run. In the previous months, Andrew has lost long term girl friend from a break up, where he weighed very reliant on for his mental health.
Andrew in December lost his job due to the lack of understanding around disabilities when placed there by Autism Association.
Andrew has recently conducted his plan review to request more funding for the supports that need to be put in place, this was huge for Andrew, and deflated him a lot.
Andrew also, has lost his father. Andrew will be taking a plan to Canberra and will arrive there on the 11/06/2021 for the funeral. If I can please request the initial appointment be booked out, and happy to relay all employment information to you. This will be a pre-existing placement ??

I want to make you aware of his barriers, as I don't ever want to put yourself at risk or Andrew and his mental health.
Can I kindly request all correspondence come through myself, to be able to break this down to Andrew in the foreseeable future with APM services.

Anything else you need from me, please reach out.

Terri Roberts

Hi Jenneane,

Can we please incorporate the below –
Access to assisting technology to enable me to leave my house always feeling safe if situations are out of my control."

While goal 3 kind of incorporates "Develop my skills to self regulate" & "Assistance in coordinating and managing life stages, transitions and supports for day-to-day basis" it says it vaguely, please can we make this a little more clearer.

Please advise once incorporated and happy to go ahead with the approval.

Hi,

as I questioned if anything had been put through including requests.

Thank you for the work you are doing for Andrew. I just never want him to ever be in this situation again and his voice not heard. He is a 37 year old man who is lost and is crying out for help, as you witnessed yesterday.

Hi,

Thank you for taking my call this morning regarding my client who lives in Wandi. My client would like to request 1 hour of cleaning services per fortnight with x 2 people for $90.00 Andrew has advised me, you know the property and is content in keeping your services. I would like to talk through the invoicing side of things to ensure this is paid by the plan managers.

Andrew has requested the services to be commenced on Monday 24/05/21 moving forward for fortnightly cleaning.

Hi Jenneane,

Hope you are well and it was lovely meeting you yesterday.
I have called the NDIS this morning reference number - 7002470523 to ensure the secondary disabilities have been added on to Andrew's profile as you advised yesterday this could potentially come in to effect with his up coming plan and funding.

Andrew, as you seen yesterday is psychosocial and this information is so important for the NDIS to be aware of to put the correct services in place. Can you please confirm with myself when this has been actioned?

Thank you

ndrew for a coffee and a bite to eat prior to the review to ensure Andrew was at comfort before attending. Andrew missed worked yesterday due to the stresses of his up coming plan review. The LAC who conducted the appointment when heavy footed in to the meeting which set Andrew in to a episode. Andrew started to cry hysterically and become very tense Andrew closed his fists and become in another state of mind. SC kindly asked the LAC to leave the room to calm Andrew down. Andrew was frustrated at the fact the NDIS only has one primary disability lodged and no other disabilities was included in his NDIS portal. Andrew was angry at the fact, this was relayed with multiple times and reports also sent to the NDIS with formal diagnoses . SC took Andrews hands and went through some breathing techniques to keep him remaining stable with her hyperventilating. Andrew clamed down and was able to resume the plan meeting. SC spoke with LAC before entering back in to the room and asked the LAC to take it down a little bit and give Andrew some answers and to not ask as many questions at once.

LAC continued the planning meeting. We discussed ILO options and recovery coaching to be implemented in to the plan. LAC also advised Andrew 's further disabilities will be added to his portal to flag to the NDIS of Andrew's psychosocial disabilities. LAC stated the plan will be escalated with possible interim plan to be put in place until the next plan is approved. We have noted that the next plan will be for 6 months as this will need to be reviewed again with possible quotes for ILO living options. SC has sent all other documentation the LAC will need to complete the plan accurately.
SC has also requested the goals be sent via email for approval from myself and Andrew to ensure this is accurate when submitting to the NDIS for approval.

“Suzann also stated in the place of employment Andrew will wait around the corner and count the minutes employees are coming back to work then taking this information to upper management.”
I did do this back at the MCB (Metropolitan Cemetery Board) but mostly out of frustrations that my added effort were further setback by others taking longer lunches
“Suzann also went on to state Andrew can be extremely intimidating in meetings to gain Andrew employment, and extremely impatient. Andrew has been under server stress since December 2020 where his break down of his relationship with Kymberli occurred. Kymberli was an emotional support system for Andrew which is now no longer.”
The breakup occurred in February 2021, the loss of employment occurred in December 2020
“Andrew is member of sci-fi meet up group and attends movie screenings. Andrew enjoys metal items and smelt metal, where he is creative in making knifes. Andrew feels he has been stuck at home due to the intensity of his depression and anxiety with the breakup of his emotional support network, homelessness and financial struggles.”
I don’t make the knives myself, I fear saying as much would result in raised eye brows considering my past statements of self harm were typically related to ‘cutting’
The other hobby was the SCA (Society for Creative Anachronism) which is medieval recreation
- Page 6’s table could benefit from margin adjustments
- Adding the afore mentioned SCA in community activities on the table on page 6
“the Manager/ Directors a company is he working for and includes local MP’s and media outlets to ensure he gets the correct response and his current experiences heard”
I fortunately didn’t contact the media, only threatened too
“Andrew would wait around the corner after his own lunch break and record the minutes if an employee is late back to work to then take this to upper management.”
I wouldn’t record, but mention these facts to my team leader and occasionally the operations manager
“Andrew brought a knife to work an

d put this weapon in front of his managers face as a threat when not being heard or understood. In other occasions Andrew has also went into his employment services (AIM) with a knife strapped to his leg. This was later found when he was strip searched at a nearby hospital as he was checked in for psychosocial from AIM. A second knife was also located on his body which was found by medical professionals"

While it's true, I had my knife, it was on my belt. The second knife was a very small set that is used for my finger nails and is kept on my key ring, the blade is only 4 cm, but it is the scissors and nail file that I use.

"Andrew put his head in the bin then grabbed the plastic bin bag that was inside the bin. Andrew the put a plastic bag
