Subject: RE: AT - ANGELA CUTLER (431171334) - Progress Update [SEC=OFFICIAL]

Hi Ritu,

There is no need in gaining more quotes, this is not ethical for Angela's plan to be charged this amount. Has this been discussed with the client? This is concerning if not.
If you require a quote please go through Modplex Construction for this information as they are aware of the works needing to be completed.
The NDIS have requested the Home modifications template be completed by the assigned builder from report that has previously been allocated. This will now become messy.

No where in the act does it state you require further quotes. It will be the NDIS who advise if this is value for money not the OT. Please ensure any quote approvals come through myself as the appointed support coordinator to advise and gain the approval from the participant.

Look forward to your response

Subject: RE: Approved NDIS plan

Hi Jade,

Thank you for sending the new plan through, much appreciated.

Regarding the home modifications, I hope the NDIS understand the amount of work that goes in to this one area.
My question is, how can we go ahead and navigate this without the support coordination not implemented? Why was this declined?

Angela has been funded for the eBike which is fantastic, but again trials need to take place ect and without the support coordination, why has my participant been expected to navigate this with MS and learning impairment?

Can I please have this investigated as this as taken away the support Angela needs for all assessments to be conducted as you are aware of the very complex system the NDIS is.

04/10/2021	Terri Roberts	45 minutes	Phone Call / SMS	New plan	SC spoke with Gary and talked him through the new plan. SC stated it has been a success with the CPAP machine being finding along with assessment for ebike. SC also advised the home mods will need to be finalised by the OT and builder. SC stated she will contact better rehab with the new plan. SC asked if Angela would like to move plan managers as this would be the time to do so as the extra charge will come in to play when moving with a new plan after new plan has been sent to the current plan manager. Gary has advised he would like to stay with NDSP. Gary has advised Angela has already took the plan to the chemist where she is currently hiring the CPAP machine to purchase one. SC stated she will send an email to the LAC and question why SC was not implemented and request this be investigated. SC will also send off for a FIO Gary has been advised SC will send the plan to plan managers and request a new service agreement for better rehab to complete the home mods.	$48.82
