I stated that Angel was referred to us by Michael from NDIS as he is needing a support coordinator. We asked what services are in place along with supports, Gina mentioned he has a OT (Jamia) from down south therapy, has a support worker that comes and takes him out with Indi. Speech is with down south therapy (Sofia) support workers are from Directions and they come every second week to take them out. I asked if Angel likes fishing as we can arrange to link him up with that and he stated he will have a think about it. Gina mentioned that Angel has another disability Irlen's and from hat he has terrible headaches and most time s he is unable to leave the house due to the sun and any light thing will hurt his eyes. he is needing to get his glasses lens replaced every 4 to 6 months and it is very expensive. I stated if he gets the diagnosis letters and any other reports for that we can send it off to the NDIS and request that to be uploaded and we can get a FCA booked in and get a report done for that so there is evidence backed up.	$179.00
