Phone call to Ashton to follow up on paediatrician appointment on the 4th of May. Ashton stated that Paediatrician said everything was ok and that there is no changes to Ayden's medication, however doctor recommended to get in contact with Behavioural Therapist to assist with emotional regulation and behaviours. Paediatrician said there is nothing else they can do.

Ashton requested me to send information regarding a Children psychologist that will be able to assist with behaviour management and also to organise a CSW to take Ayden on the weekends 4 hours if funding allocated allow it. Ashton is not sure of the activities that CSW can do with Ayden but she mentioned that he behaves better on 1:1 support.

Activities that Ayden likes are:
Swimming, bike riding, he loves animals and bugs, movies could be an option.

iatrician tomorrow - Dr Heyes at landcalsta house, we need to put a review in for a light touch review to change his plan from NDIA managed to plan managed.

Ashton has no supports and dad left to go to NSW he has not spoke to the kids or keep in contact, Ashton stated that Ayden has been playing up and does not listen to her ever since his dad left , at Ayden's old school he was getting suspended nearly every 4 weeks due to his behaviour. Ashton stated his behaviour is all over the place he is very destructive, angry, hits his mum and sister, and aggressive.

Ayden has Ritalin twice a day sometimes 3 times a day and they are 10mg, Ayden has a good diet but sometimes the medication makes him not hungry. Ashton stated that is in a bit of trouble with the other house she was in due to Ayden kicking holes in the walls and drawing all over walls and destroying the place.

I will upload consent forms, emails them to NDIS and participants mum along with NDIS shopping list.
