We have spoken with Keith this morning and advised the conflict of interest. We are awaiting details of the appointed nominee to discuss the conflict of interest in the billing that has been sent through as Barry's friend/support worker. I will also be calling the NDIS today to discuss the conversations had with Keith today on the call. I have advised Keith as a support worker is unable to call and discuss the plan. Can you please ensure this is also advised on your end as this is currently being investigated. In the call with Keith, he stated the advise he gained was from the plan manager. Hi Lynne,

Thank you for contacting me with the requested document. I appreciate your assistance in this matter.

During our phone call previously, you did advise me that, barry is in need of a medical guardian? Has this been discussed at all with the hospital appointing one?

Subject: FW: Barry MacDonald - Better Rehab invoices.

Good Morning,

Please see attached unpaid invoicing for Barry Macdonald.
Due to the insufficient reporting and wrong assessments that took place, my participant has requested a timeline of events of the services that have been implemented.

When AT forms took place, Barry had trials for his equipment that he was and still is in dire need of. The NDIS advised nothing was submitted quotation wise and the forms were not sufficient enough. This is not on Barry, hence why this should not come out of his funding.
I have looked through all reporting and don't understand why Barry was charged for complex home modifications that was created on a AT form?
This is the wrong form and the NDIS have rejected this for this reasoning. Due to the lack of correct reports that have been submitted we require the timeline of events.

Barry still has no movement with any of the work that was conducted with Better Rehab. In this instance, I'm now doing many fixes with what was conducted and now have to redo the reports and reach out to other providers to have this corrected.

Can you please send the timeline of events through to discuss with my participant.
Thank you,

Good afternoon Janette,

Following on from our conversation this afternoon – please see below email I sent to Barry on 16 August 2021.

In brief I request the requests to be clarified:

1. Explore eligibility for supported independent living and funding to have a Roster of Care completed: In order to look at this request, Barry needs to have a housing goal in his plan. In order to amend his goals, he will need to submit a section 48 change in circumstances review. In addition to this, a comprehensive OT report is required which explores all types of suitable and comparable home and living solutions. All support needs to have been considered and justification needs to be provided in relation to their suitability or unsuitability.

2. Additional funding in the capacity building budget: This includes additional funding for a psychologist, occupational therapist and physiotherapist. Can you please

Barry wears his clothes to bed each night as he is too cold to change into pjs. Some domestics done, organised lunch. Then Barry wanted to go to the pools, so we headed to the pools for exercise, we were there for several hours, some of Barry's church friends were there so Barry chatted and had social time, they sat and had coffee at pools, this was good to see Barry chatting and socialising, on way home we stopped at shops to pick up some fruit. Arrived back at Barry's tried to wash his swimwear but there was no power. Barry had a little nap as tired from pools. Drove Barry to hotel to have a night respite. Set him up and made him comfortable, arranged dinner for him, keith arrive and I did a handover I left at 7:30pm, I will return at 8am to prompt medication and organise some breakfast. Barry in good spirits Barry has been talking about his past and expressing his feelings, I've asked if he would like to talk to a counsellor, but at this stage he doesn't. He is seeing a physiactic doctor at mirrabooka mental health next week for a full assessment.	$16.27
