Subject: Janey, Tristan and Bonnie

Hi Leah,

Thankyou for taking the time to talk to me this afternoon. My name is Candice Goldsmith, I am the mother of 3 children and all of them require NDIS support.

Janey is 17.5 years old, is gender diverse and has a diagnosis of ASD, BPD and Psychosis NOS as well as PTSD. Janey has very high needs and has been hospitalised for mental health 13 times over the past 2 years.
Janey does not attend school, they were medically cleared from attending all of last year due to significant mental health issues.
Janey has just started a traineeship (2 days per week) at AYLA working in the op shop. Janey is supported there by staff as AYLA are also and NDIS provider.
Janey attend Headspace Early Psychosis team regularly however they are unable to provide consistent psychological support (there is only one psychologist for the whole centre) and since May, this psychologist has rescheduled 14 appointments meaning Janey has only had face to face 3 times. Headspace support Janey to attend private psychology to have DBT which os required to treat BPD symptoms.
Janey is on very high doses of antipsychotic and antidepressant medication.
Janey has a very long (10 year history) of self harm and suicidal ideation/attempts. Janey is an amazing artist and musician.

Tristan is 16 1/2 years old. Tristan has a diagnosis of Autism (moderate severity) as well as a recent diagnosis of Generalised Anxiety Disorder. Tristan has been homeschooled for the past 6 years due to a significant traumatic event that occurred whilst at mainstream schooling.
Tristan is on antidepressant medication.
Tristan struggles with most aspects of daily life as well as having significant sensory overload. Tristan loves his dog Odie and spending time with Janey looking at op shops.
Tristan also has a strong interest in animation

Bonnie (Lily-li) is 13 years old. She has a diagnosis of SPD, Hypermobility, Autism level 2 as well as severe ADHD.
Bonnie attends year 7 at Kalamunda SHS and is in the specialist program for visual arts. Bonnie struggles with motor planning and attention but does not require nor wish medication support.
Bonnie loves the outdoors, cooking and reading.

I will send through the plans shortly but hope this gives you some idea of who these three amazing individuals are and some of the barriers they face day to day.

I look forward to meeting you tomorrow.

04/10/2021	Rachael Thomas	45 minutes	General Notes	Call NDIA	SC spoke with Inghira at the NDIA regarding the need for the S48 to be initiated urgently. Inghira seemed confused and questioned the initial LTR. SC explained that due to Cadeyrn's mental health and recent hospitalisation an S48 was now required. SC was advised to upload any supporting evidence (reports) directly to the Review Team ndia.review@ndis.gov.au	$145.49
01/10/2021	Rachael Thomas	15 minutes	General Notes	Call	Spoke with Candice regarding her text stating that she had found an OT that would be available to do the FCA for her children. Candice stated that she has contacts due to her working as an Education Assistant (special needs). SC asked her to forward the details of the OT and explained that this would need to be put on our system so that the OT can get paid. SC also discussed getting a discharge report from the recent hospital admission. Candice mentioned that Janey (Cadeyrn) has been assessed as having another condition, a development disorder and possible schizoaffective disorder. She is very reluctant to take on these new diagnoses, as she feels it is Janey's choice and control and she already has enough to deal with - Candice feels the stigma of further diagnosis could really push Janey over the top. SC explained the need for this new diagnosis as evidence for more funding .	$48.50
