Charlie and Margie came in and we all had a chat regarding the respite and how it has been and Charlie stated yes it been great and she is having fun, Charlie showed me photos of the animals when she was at the cuddly farm and how she had a great time.

Margie and Charlie was wondering about how Charlie wanted her nails done and how that would happen as she didn't have money Margie has Vida's card as she is going to get her nails done and tonight they are going to the movies and Margie and Charlie was going on the fairy tomorrow to freo and have some lunch there, but i was advised that Margie had to go to another clients tomorrow for 4 hours so we had to change the fairy for Saturday. I had to find another support worker that will take over from 10:30am to 5pm until Margie came back.

Ally the support worker will be taking Charlie to Aqua tomorrow and have some lunch there. Charlie stated about how she has been seeing things and she believes in spirits and that she seen something last night and was saying how her ex used to see them as well and he would tell her that she had bad and good spirits around her. Charlie also mentioned that she has been getting angry a lot for no reason and takes it out on her mum and the other day she accidentally hit her mum.

Charlie stated she doesnt realise why she gets so angry but she stated she cant control it. Charlie mentioned that Lina from concentric is unable to do prescriptions for her and didn't know why i asked it will be because she is just a psychologist not a psychiatrist i told Charlie what the difference is between them and she understood but she would like to eventually get referral to one and she doesnt like it that she keeps getting mad at her mum and others for no reason.

We went over what will be doing for the next 3 days as she has more days on respite i stated i will call Aqua and see if we need to book an appointment and i will also call captain cook cruises to book in for the trip.

Jess called while Charlie was here seeing how everything was and we went over the time that the bus will be coming on Sunday and Jess mentioned that it is 7:30am but then Charlie asked to speak to Jess and she informed her that Margie called the buses and they said it will be there around 9:45 but we was unsure so i asked Jess to have a look and to make sure the right time and i will let Margie know.

Hi Chloe,

Yes I spoke to Jessie yesterday and have reactivated Charlie's paediatrician referral. I informed Jessie that Charlie is unlikely to get an appointment this year due to our limited services but will contact Jessie when an appointment becomes available.

If you have any reports that would be great if you can forward them through so I can upload to Charlie's record and also forward to the paed

Kind regards,
Vivian

Jess called to just inform and give me an update on how everything is going, Jess informed me that she has giving Vivian a call to find a paediatrician for Charlie to just get a update with all her diagnosis see if anything is getting better or if it is getting worse. Jess informed me that Charlie had an episode the other day as her credit receipt didn't get printed out and Charlie got a bit upset.

I stated that Tash has sent me a report from the following week and it will most provably be in there so I will ready it after I'm off the phone, Jess mentioned that Charlie is wanting to go on respite in the next 2 weeks I stated that we can get Charlie and the support worker a room in quest hotel in Perth.

I asked what Charlie would prefer if there is 2 rooms one for her and the other for the support worker or just one room with 2 beds, Jess said that one room with 2 beds would be okay.

Tash will be bringing Charlie down from Jurien Bay to Perth and when its time to leave Charlie is happy to catch the bus home, asked Jess if she would like breakfast and dinner to be booked as well or if she would like the support worker to take her t the shops and buy stuff to make so then the support worker can also help and guide Charlie with how to learn to prep food.

Charlie would also like to go to the cuddly farm and arrange her aunty to go there as well so she can see her, I stated that the support worker can also take Charlie to the zoo or something like that as that's what Charlies likes. I infirmed Jess what I am waiting for a reply back from Tina from concentric rehab to see if she is able to send through the reports and also if she does FCA for SIL. I stated I will give it to 1 or 2pm and if I haven't heard anything back I will give her a call or send off a referral to someone that does and I will let her know as soon as I do that.

Subject: Re: FCA for SIL - Charlie Harrison

Hi Chloe,

Thank you for your email.

A FCA was completed under this current plan by the senior occupational therapist at Western Kids Health- Tiffany Edwards in September 2020, prior to Charlie coming onto my caseload. Jessie has a copy of this so if you wish to access it she should be able to pass it on to you, as we do not have permission to pass that information on. Unfortunately, at Western Kids Health we do not complete FCA for SIL as we do not have the certification and current capacity to complete such assessments required for an accurate SIL report.

Just for your understanding, the previous FCA was completed with one face-to-face visit in Perth and two zoom sessions. However, to accurately assess Charlie's current functional capacity for SIL a face-to-face visit would be deemed necessary within the home and community. I would recommend that either yourself or Jessie get in contact

oesn’t have that in her plan we need to do a FCA to request that in her plan for future.

Thank you,
If you have any questions please give me a call ??

06/07/2021	Chloe osborne	1 hr 30 minutes	Phone Call / SMS	Call with Jess	** Large Note printed below.	$97.64

Jess called back and we spoke about how I haven't been able to get in contact with Courtney from western kids health as well as Patrina from Hendercare. We have discussed that I will look for another OT that is able to do a FCA for SIL as well as more hours for support workers as the funding is going down fast as the appointments for Charlie is in Perth so that's a 3 and a half hour drive there and back so that chews up the funding a lot.

Jess stated she is needing more hours for the support coordinators as it is not enough for the work that needs doing for Charlie and she doesn't want Charlie to not get what she needs, there is needing housing options for Charlie along with more hours with respite Jess is thinking for now until she is able to be independent for 2 weeks in respite and 1 week back at home. Charlie is always needing 1 on 1 support due to she is not independent enough to be on her own as she makes bad decisions and does not know/ understand social skills.

Charlie is wanting to finish her year 10,11,12 in studying or even to go back to school somewhere in Perth, Jess was even thinking for Charlie to start doing some volunteering work to get her used of being independent and being able to do things on her own and to get her ready for the future. I asked if Jess has ever done a lived experience before as it would be good if we get the report so that can go towards the s100 and I will do a progress report to go towards that as well.

Jess stated she hasn't done a lived experience before but has done a parent report thing. I stated if she has the time to do a lived experience that would be great for the s100 but if she is unable to do that that will be okay because I will still do a progress report, I stated that with the Progress notes that get sent to me from Tash the support worker that I will put all notes in one form so its just one big report.

I have informed jess that we are running low on the support coordination hours but there is still $4,000 sitting in support coordination that we are not able to touch due to it being NDIA managed. I asked that if it would be okay if we could take $2,000 from core as there is roughly $30,000 in there and I stated that will bring up up 20 hours so then we are able to push things and have enough hours for the review. Jess stated yes that is completely fine so I informed her that I will do a service agreement and I can send it to Jess for her to sign or if she is happy with it I can put her signature on it for her and I will send her a copy of it once its done.

Jess asked about respite and when would it be available I stated I can have a chat to Vida and see if she knows anyone that's available. I asked when Charlie would like to go and she

stated maybe in 2 weeks or 3 weeks, I stated I will have a chat and see what availability there is and I will let Jess know.

Jessica called stated Tess from light house called her asking if they can have a chat regarding the support coordination, I informed Jess that light house has not released the funding yet. Jess asked if we are happy to do Charlie support coordination, I stated yes we are more then happy to. Jess feels as if it will be a lot easier being with one provider then 2.

Jess was informed by light house that we cant do support coordination for Charlie and jess got confused, I stated that would most probably be because Charlies support coordination is NDIA managed and we are a registered provider yet. I stated we can still provide services for Charlie we just cant bill until her plan gets changed to plan managed. Jess is happy with that.

I then informed Jess that I have spoke to Paul the gardener about the invoicing through Charlies plan instead of Jess paying for it out of her own pocket. Jess stated she is happy with that I also informed Jess I have put a post on Jurien Bay page to find cleaners. I said 2 people replied saying they do cleaner so I let Jess know that ill be calling them today to try organise something and I will let I know, I asked if she would be happy with a meet and greet first to see if she is happy with them and Jess stated yes she is happy.

Jess mention about Charlie's respite if she should stay with hender care or if we can find a different one for Charlie. Jess mentioned Charlie has roughly 3-4 weeks left for respite, I asked the last time when she went for respite how long did she go for and Jess said 4 days. I asked where Charlie would like to go and Jess stated near north of the river Perth. I stated I will speak to Vida about this and get back to her.

Vida and I left Vida's house at 9am yesterday morning to arrive at Charlie's home in Jurien Bay at 1pm. We arrived home at 5:30 pm. 2x RC - 8.5 hrs x 2

Charlie was home so she sat at the table with her mum and us, mum stated that she is very overwhelmed with everything and she doesn't know how to cope. Jessica (Charlie's mum) lives with Charlie who is 16 years old and her son that is only 2 years old, mum is finding it very difficult trying to look after Charlie and also the baby.

We asked mum if they have any supports in place but mum stated there is a support worker (Tess) who comes and takes Charlie for a drive and do things with her when she wants, They also have a cleaner but mum is paying for that out of her own pocket as Charlies support coordinator as not done anything for them and told mum what she can spend Charlies funding on.

We informed mum that she does not have to pay for a cleaning out of her own money and that she can get cleaners from Carlie's NDIS plan is Charlie is living with mum, mum goes with out a cleaner most of the time as she cannot afford it.

Jessica mentioned that Charlie now smokes because when she was living with her dad in Geraldton her dad used to make her have a smoke to calm her down. Jessica mentioned that Charlies dad does not believe Charlie has a diagnosis and that she is just a naughty kid, her dad use to throw Charlie to the grown by her neck and hurt her.

Charlie's dad will not give Charlie any money or let her see the her step siblings unless she goes and live with him, Jessica stated she does not want that to happen and Charlie doesn't either. Charlie is wanting to move to Perth to live and to go to school there as she has not been to school for a while, Jessica is worried that she will get a big fine because Charlie has not been gong to school. We stated that if Charlie has a disability that effects her from learning and being to go to school that she will not get a fine.

We have asked the support worker Tess that if she does weekly reports or daily reports and she stated no she has not, she only thought that she had to do them if someone is applying for NDIS. We have asked Tess to do a weekly report for Charlie.

Charlies old support coordinator told Jessica that they was going to charge double so it looked they they was using up all the funds and they ended up using $20,000 out of the plan. Mum wasn't happy so she left them and the support coordinator she has no has mentions to mum that a recovery coach is meant to do all the linking supports and other coordination bits so we then asked Jessica what is the support coordinator doing.
