Upon my last visit with Cheyne he has highlighted to me the lack of security and safety in his public housing arrangement and that people can just come and go in his household. He pointed out a particular side window that has no security, and its been noted that people just unscrew the standard one. I have got conditional approval to upgrade the security on this windown with a purpose built security screen, though they have stated they will not pay for it. I am asking if I get a quote from a screen provider if his trust account will be able to pay for this upgrade. I don't know if this is a jurisdictional responsibility of the public housing to provide or if its Cheynes responsibility. Could you please advise if this is better funded by Cheyne or PH, and if I should get a quote for the upgrade organised? I have ccd dean his guardian into this email for reference.	$42.81

Cheyne Brown 01/07/2021
Attendees: Hannah Thomas, Simon Reid, Shane Holmes

- Simon Reid:

Visited Cheyne couple of days ago seemed in good sorts, raised concerns around people coming in and out of house. Cheyne would like more control over home security even though they are friends/acquaintances visiting he would like control of when they can enter his home – submitted public housing upgrade application – approved for security screen safety– liasing with trustee for payment or NDIS. Go in, go out to bank building trust even though it's outside his realm
Public housing – still an ongoing risk of losing tenancy, managed to keep housing for the short term.
Loses keys, damage to home including doors removed, bio hazards.

- Shane Holmes:

Cheyne's being going well 6 months. No psych admission for near on 2 years. Social stuff at home problematic. Ongoing sickness with drug use but has improved dramatically. Teagan Positive – social connection but does associate with other people that could be a problem in Cheyne's life.
Asher – Indian looking chap – nice young man maybe 30 big smile, bad news for Cheyne.
Discussion around how to maximise the use of Cheyne's NDIS plan for ongoing support to continue moving forward.

- Functional capacity assessment – concerns around the success of this as most OT do not possess the skill to work with Cheyne's level of mental ill health. Investigating what assistive technology could be beneficial for Cheyne ongoing. Low cost AT – noise cancelling headphones that Simon is going to trial with Cheyne due to his love for music.
- Link in with new Mental health aware GP – possibly Fred Faigenbaum at Mirrabooka medical centre, Simon to investigate.
- Cheyne has voiced that he would like to attend psych appointments, GP, possible medication review.
- Increasing Cheyne's community support through Avivo – participating in activities such as basketball, Hannah to contact individuals who may be able to assist in creating a team for people with mental ill health. New quote to be done to increase core supports and new service agreement created for the rest of Cheyne's plan. In all new community engagement for Cheyne, ensuring community is set up around Cheyne and are aware of Cheyne's outbursts and needs.
- Avivo to assist Cheyne in his house keeping, safeguard plan referral sent off to behaviour support at Avivo to include supporting Cheyne in house to maintain his property, currently in place for community support only. Steps to ensure safety including choosing staff who are aware of bio hazards, steps to take if hazards are found in home including calling supervisor and leaving the property to then have bio hazard team come in and do a sweep so that Avivo staff can continue with the

domestic tasks – not financially viable to have this service in ongoing. $5k left to provide this service if/when required.

- Reconnecting with the lorikeet centre – Cheyne has attended in the past about 2-3 years ago. Was let go from the programme, considering his improvement may be once more able to attend

28/06/2021	Simon Reid	4 hrs 42 minutes	General Notes		Went to meet Cheyne and Adja from public housing. Adja hadnt arrived when i arrived. Took cheyne to the doctor about his flu, Then went to the chemist and picked up cold and flu tablets. Had a big chat with cheyne, who was much more conversational than usual, talked about and inspected the security on his property. Cheyne stated to me that he is concerned about having no security screens on his house and that people he knows are just coming and going whenever. Cheyne has no safety in his house. He was more interested than usual in exploring other housing options. He stated to me he is using less meth and just smoking some bongs. He has asked me to arrange a doctors appointment and possibly a psychologist to look at his back and review his meds. i will contact avivo and arrange a support worker for this appointment. Left at 12am and arrived home at 4. completed notes and made phone calls to adja and avivo. HAve a n appointment organised for this thursay with avivo and shane holmes, cheynes mental health worker.	$402.41

25/06/2021	Leah Norman	1 hr	Meeting	Update with Simon	SC Leah and RC Simon today spent time discussing Cheyne and how we can further assist with his progress. Cheyne is resistant to interventions and is still taking Drugs daily which inhibits the effectiveness of his Medications (when he takes them) We have emailed the Support company and Dean (Guardian) in hopes of organising a meeting so we can all have input into the next step for Cheyne and see if we can get an idea of what will and wont be successful with him. Cheyne is still having his house cleaned weekly and support workers coming in but there are some funds left to assist where we can	$85.62

ciprical listening of music. did connect on a few topics, though mostly stayed quiet and tried to just get him to accept me as non threatening. arrived back at the residence, at 1230, met with public housing ardjya and colleague, and discussed plan for maintaining accomodation at an acceptable living state. conversation seemed positive, though not sure if the current accomodation is best suited for chene due to drug dealers nearby. cheyne initally stated hed like to move, but secondly stated he wants to say after it was cleaned. left at 130, after it was cleaned and left cheyne alone. arrived home 230

SC Leah has contact rubbish removal companies and skip bin delivery today in regard to the waste on the outside of Cheyne Property.
I tried several companies for both services I was not able to locate a company that was available today.
I have booked in 1300rubbish to come and collect the items and take them away the man I spoke to was Steve.
I sent through a photo of the property and Steve agreed with the size of truck I have booked.
They will be attending the property tomorrow between 10am and 12pm
They have my contact number for any issues and they will be invoicing FFG and we will invoice NDIS for the service - Cleaning
