31/05/2022	Janine Hall	1 hr	Phone Call / SMS	Phone call to NDIS	Phone call to NDIS - extremely long phone call regarding the SIL application. NDIS were totally confused as Clare had sent through a home and living application before she came on board with FFG. She never advised me of that, and requested we do a SIl application as she had to move due to her rental property being sold. I lodged SIL, Home and Living, ROC on 2/5/22 and followed up on 20/5/22. At that time the lady at NDIS said there was no record of any docs and requested I lodge them again, which I did. There are records of this in the Careview notes. However, when I rang again today I was told that nothing was being done because she could see Clare's Home and Living application that she had submitted herself, but because she had submitted no other supporting docs, it was just left there without further action, even though I had sent through all of the documentation on 2/5/22. I worked with the lady on the phone and we made sure she had all of the relevant documents and submitted it again directly to her superior. They are going to process it as soon as possible. This was a very long process with her going backwards and forwards to her managers and trying to locate all of the documents, which should have already been on Clare's file.	$65.09
