Hi Pam,

Thank you for touching base, you do sound like a busy bee!

Happy to help with some questions regarding possible review. With the reports we will need to submit, as you know the NDIS is very evidenced based. We need to nail it on the head with all the evidence prior to a review. With the change to possible studying options, this alone triggers a change of circumstance (s48). This I can submit if you would like a early review. Please advise.

- FCA – Conducted by Occupational therapist completed 13/04/2021
- Support Coordination report
- Any further medical evidence if you have any

Regarding plan rolls overs, this does happen if NDIS have not issued a further appointment for a review of the current plan.
The plan rolls over to be the same amount of previous plan, just new dates. But with the upcoming changes for study, we will need NDIS to review supports to attend with David on allocated days at Tafe.

I hope this gives you some answers, please let me know if you require further assistance ??

k there will be enough to cover a support worker.

His funding isn't too bad at the moment. We haven't had many appointments with the therapists lately, which hasn't really been a problem. May just run short on Support Worker funding but still some funds elsewhere which I can use. However, I didn't start with the support worker until the end of 2020 so if I had one for the full year, I definitely would have run out of funding for him.

So I guess its all about preparing for his next review. What should be asking for? What do we need to do before then? What paperwork do I need?

Thanks in advance for all your help.

Regards,

Pam

Hi Pam,

Hope you are doing well and keeping warm in this weather!

Just checking in as I have no heard from you in a while. Is there anything I could possibly assist with? I know the last phone call we had, you advised David's funding was running low.

Please reach out if you need assistance with anything.

Hi Pamela,

Thank you for your prompt response. Are we able to book another phone appointment to have a chat on what I can assist with?
Happy to have a chat with you regarding tafe, plan review and even his driving lessons. Let me know when you are free, and we can book it in ☺

Warm Regards,
Terri Roberts

Hi Pam,

Just touching base regarding David's funding as he is self-managed. Can you do a full break down of the funding or be able to release a statement of funding? If so, please send through via email.
I can create a change of circumstance form s48 in the next few business days as we discussed previously, David does not have enough funds for the remaining of his NDIS plan. I can then submit this for approval.

As per our conversation, we will need to do this soon as possible due to the back log with NDIS at this moment in time.
Reason I ask for the funding, is so I can break this down and let the NDIA know funding is running low and David is at risk of loosing some mainstream supports for his capacity building.

Warm Regards,
Terri Roberts

Subject: RE: David McKenzie - OT FCA Report - with amendments

Hi Pam,

Happy to do this on your behalf if need be. What need to lodge is a S48 which is a change of circumstance. We can use this even though no changes have been made but the funding is running out. Another form to activate a review is s100 but this must be lodged within 100 days of the current plan being approved in this case, we are over the required days.

If you would like to lodge s48 more than happy to but I would advise to do this very soon as it takes roughly 1.5 months for this to be viewed by the NDIA. Once this hits the emails on the NDIA side, they will reject or approve.
Once approved it will then be 14 business days for someone to contact for review appointment which pushes this out to a further 3 to 4 weeks.

The Functional Capacity Assessment that has been completed, This is a great starting point as we need all reports from all mainstream supports for the possible plan review.

I would also like to be extremely transparent with how much this could potentially cost for support coordination to assist gaining more funding in the future plan.
With all reporting reading and follow ups with the NDIS and NDIA be advised our hourly rate is $100.19 per hour. The reports we will create and read can take up to 12 hours. With going ahead with the review and offering support during review this will also be more hours added to the additional 12 hours.

Let me know what you think and if you would like to start getting the ball rolling for a review.

Warm Regards,
Terri Roberts

Morning Terri,

As there are 6 months left of the plan I am thinking that maybe lodging a review in a couple of months time should give plenty of time. Say the middle of June. Also gives me a bit more time to use up the funding that is currently there.

Regards,

Pam

Hi Pam,

We can potentially look at lodging a S100 or S48 form to the NDIS for a review on the funding running out. This can be quite timely process for NDIS to approve or reject. Would you like me lodge?

Utilizing the funding will be a good sign for the NDIS to give more funding as previous amount did not get you through to the end date on the NDIS plan for David.

ng through the corrections to the OT. You are correct in saying this could potentially effect the funding for the NDIS plan.
Can I please ask if you are happy with the below and amendments, if not I'm happy to jump in also.

Morning Pam,

Thank you so very much for providing the information clarity.

I have made amendments to the report in accordance with all your changes except for the 'recommended Occupational Therapy hours'. I've added a sentence to the recommendations in the final pages of the report to clarify, as pasted below:

ch Pathology

Morning Inge,

Thanks for forwarding on the report. Just a few discrepancies which won't affect your assessment. There were a lot of questions to answer on the day.

Page 2 – The Assessment – my surname is Kane, not McKenzie

Page 2 – Background – my other son is 16 and we have 2 dogs – the cat died over a year ago.

ars, therefore he now has to redo his Theory Test to get his Learners Permit.

Page 8 – Pyschosocial Status – paragraph 2 – David only goes to the gym once a week and he is there for half an hour – not 4 hours! I don't even go to the gym for 4 hours at a time!!

Page 9 – we have never been linked with the Autism Association – I enquired about a social skills course with them but he didn't get a spot but they would be willing to help if we wished to use our NDIS funding with them.

Page 10 – Cognition and Communication – David's glasses are single vision lenses – not bifocal

Page 12 – You recommend a minimum of 40 hours OT in the report, however you have quoted a cost for 50 hours. Not sure which one it should be.

Sorry to be so picky, but when it comes to reports I don't want to give NDIS any reasons to turn down the funding that David needs.

Kind regards,

Pam Kane

Dear Terri,

Please find attached Functional Capacity Assessment (FCA) Report.

The service booking for Functional Capacity Assessment is now complete and I wish to close the file on the service booking.

Please confirm if you agree for me to action case closure.

Many thanks for your patience.

ong easter weekend!
