11/07/2022	Janine Hall	15 minutes	Email	email re gym mebership	email from Dave re gym membership and my response re letter from physio Hi Dave That's great - just forward me the letter once you receive it from the physio. With regard to the gym membership, it's the same deal. It is considered an everyday expense that applies to everyone, so the NDIS will only consider it if we can show justification. It would require quite a weighty letter of recommendation from your physio, outlining the physical requirements of your disability in terms of specific exercise for strengthening etc, and the benefits that you would gain from it. It would help if they state that they provide you with a specific program of exercises to follow, that are reviewed regularly to accommodate improvement/ adjustments required. The more detail they can provide the better. The NDIS like to see value for money so they could say that by attending the gym regularly, the benefit could be reduced need for Physi appointments, etc.	$25.04
