Donna and I exchanged contact details and I will give her a call today to touch base and see if she is able to assist with Garry 's progress. When I arrive I asked if it was ok if I came inside he stated no we can talk at the front door. I asked about having a support worker come out to him and he said no that he was old enough to make his own choices. I reminded him of the recent tribunal and their statements about him increasing his independence as soon as possible. Gary said he didn't agree and can do want he likes, Lesley came to the door at this time and ask if I would like to come in I stated Garry had already said he did not want me to come in and by this stage I felt more comfortable out side. I ask Lesley if she understood the Tribunals decision and want it could mean for Garry she said she didn't agree and would be arguing it. I stated that it was in place now and Garry needed to make some effort to comply. They were both getting frustrated and I again stated that we had to make plans today to have services commence to show an effort is being made. Garry said someone could come On Thursdays for an hour to take him shopping. I stated it had to be at least 2 hr for a rostered Support worker shift he said no again but Lesley over ruled him and said it would be fine. Garry was not happy with the decision and I decided to leave it there and said goodbye before taking my leave. I have contacted Ikram and she will be sending out	$1,713.00
