Subject: RE: Accommodation Agreement - Georgios Taraganis
Importance: High

Hi Amelia,

My apologies on the delay of response. I'm currently relaying with the planner in hope for changes in the plan as Georgios has a stated item for capacity building and with his diagnosis of schizophrenia, this is a therapy that urgently need to be implemented to assist with his capacity building.

I have attached the current NDIS plan for Georgios.

Thank you for your patience.

Subject: RE: NDIS Plan - Georgios T. [SEC=UNOFFICIAL]
Importance: High

Hi Sylvia,

I hope you are well.

I would like to touch base with you regarding Georgios as myself and Liz is are very concerned of his mental health.

Georgios has now went nonverbal from his Autism which is symptomatic to the stress he is currently facing in his Group Home. Georgios has also put 20kg on from the food that is offered in his group home. Georgios is eating very heavy carb based foods which has also contributed in his mental health declining. Food is extremely important fuels to put in his body and if the wrong fuel is consistently being put in his body, we will have terrible outcomes. Georgios has not been able to have therapies for his mental health due to the state item in his Capacity Building.

Georgios memory has also declined from his mental health, which is raising alarm bells from previous situations where Georgios has went in to psychosis. I cannot advise how important it is to have movement on his plan before he puts himself and others at risk around him.

Georgios has stated item in the capacity building area of the plan for OT appointments. Georgios has psychosocial disabilities which has resulted in him completely shutting down and become nonverbal from the current accommodation he is in. We have contacted the NDIS countless amounts of times and gained no outcomes regarding the light touch either. Georgios had a great relationship with Yael, clinical phycologist from ORS who provided a very detailed report. We did provide a report to yourself in the planning meeting which states the below recommendations -

- Psychology 26 Improved Daily Living $234.83
- $6105.58 Exercise Physiology
- 20 Improved Daily Living/Improved Health and Wellbeing $166.99
- $3,339.80 Behaviour Support Plan Development and Review 30 Improved Relationships $234.83
- $7,044.90 Behaviour Support Plan Implementation
- 20 Improved Relationships $193.99
- $3,879.80 Occupational Therapy
- 10 Improved Daily Living $193.99 $3,879.8

Subject: RE: NDIS Plan - Georgios T. [SEC=UNOFFICIAL]

Hi Sylvia,

Thank you for your prompt response regarding Georgios. Thank you for escalating this again.

I have spoke with another SIL provider who has accommodation north side of the river close to Mum, Liz. This provider has advised they can have a property ready for Georgios at the same rate but more servicing within the next two weeks.
The current provider are charging supports outside of the service they are already providing, which Liz and myself don't feel this is ethical. For example, booking more support workers outside the SIL package and charging for this service.
This leaves Georgios with no room in his plan to move.
This provider is called Lotus health care services who are able to offer the correct supports to Georgios close to home. Lotus, the provider is not NDIS registered.

Currently in Georgios plan, we are unable to bill for support coordination and as per the request of Liz, she would like to use our services to link Georgios future therapies and find him his new SIL provider. We are holding on tight at this moment in time, In hope of this being changed.
The core of Georgios plan does not allow his mother to open up the flexibility of supports of what so many other providers can offer. I'm happy to continue the services as we have gained trust and a connection with the participant and the mother for over 3 months now.
We would hate all of the hard work we have done with the family, to be taken away from both parties.

I have my fingers crossed in hope we can amended the plan to continue the supports to this family, who are in dire need of our assistance.
Thank you for your time Sylvia and we will hopefully hear from you soon.

Hi Terri,

I can see from the record that Liz has been calling the National Call Centre.
Unfortunately the plan is still in the queue to be approved.

I have escalated the plan again, today.

I have few questions, please:

Has a new SIL been identified for Georgios?
Is the new SIL provider not NDIS registered?
What specifically within the current plan management prevents implementation of the plan, please?

Would you like me to take over your service as you are not able to claim?
Please let me know how I can assist.

Thank you,

Sylvia Mason

Subject: Accommodation Agreement - Georgios Taraganis

Hi Amelia,

Thank you for your response. I have a few questions and queries about the service agreements sent to Liz.

Service agreement 18/08/2021 – 24/12/2021 (4 months and 6 days)

- $238,448.42 for SIL, no description on the schedule of supports have been added. What is the $238,448.42 covering in this case?
- Why is $238,448.42 being charged for 4 months and 6 days? This divided by the 4 months is $59,612.105 not $238.448.42.

I understand you are putting the end date of his current NDIS plan, but as you are aware a new NDIS plan is pending and this is inaccurate amount for my participant to sign off on.
Please amend the amounts for the service agreement from 18/08/21 – 24/12/2021.

Service agreement 21/01/2020 – 02/10/2021 (1 year 8 months and 1 week)

- $273,781.20 has been charged for the dates above
- 45 days are missing from both contracts
- $10,214.28 of support coordination has been charged with the dates until the 2/10/2021. FFG have taken over for SC from dates 30/07/2021.

In my opinion, its extremely unprofessional to be requesting the Guardian Liz to be signing a contract back dating to the dates above without any form of communication on the why.
Georgios was funded in his NDIS plan for a total amount of $294,350.68, this leaves Georgios with the remaining of $20,569.48.
Georgios has been funded to build his capacity at (improved relationships) $17,101.75 and (improved daily living) for $3,879.80 = $20,981.55.
As a provider, no extra charges should have been confirmed without a signature of approval to take this funding, in this case this has not happened.
To keep the transparency across the board to track the funding accurately, we will need the contracts amended.

Hi Liz,

Thank you for returning the latest agreement. I still have the attached agreement from October outstanding. Can you please sign and return this for auditing purposes?

Please note that now Georgios has a new NDIS plan I will be issuing new agreements again this week. Hopefully that will be it for a while.

Thanks,
Jo

Subject: NDIS Plan - Georgios T. [SEC=UNOFFICIAL]

Good afternoon, Liz, Terri and Vida,

Attached is Georgios new NDIS Plan with added Specialist Support Coordination and Support Coordination to ensure the below outcomes and progress towards Georgios goals:

50 of Support Coordination
25 of Specialist Support Coordination

1) assist Georgios to move to the separate house and monitor the situation for improvement

2) if does not improve, source another accommodation option that is more suitable to Georgios needs and allowing Georgios choice and control and his voice heard.

3) source number of 2-3 providers who are open to support and seek new RoC based on the Georgios needs and suitability of the provider and set up.

4) SSC to facilitate exploration of suitable other housing options (social housing, private rental, moving with family, ILO, etc.) that is more suitable to Georgios needs and allowing Georgios choice and control and his voice heard.

5) SSC to develop and implement a crisis management plan around the acute MH episodes and hospitalization prevention plan as well as implementation of the MH OT plan.

6) SSC to have an oversight over the community access funding under the new plan to allow flexibility of engaging other providers when and where suitable after consulting the plans with Liz (MH qualified) and to complete reporting to the Commission when and where required.

I have raised the concerns and issues brought by all the parties in our meeting to our Provider Engagement Team for action.

Subject: Re: Medication neglect

Hello Mary,

When I called the pharmacy, they told me that they cannot deliver on Saturday and this is the reason I went there to collect the medication. I still do not understand why the people in the house do not understand that they need to care for Georgios medication and not leave the medication finished and then send me a message. This has happened lots of times in the past as well. Two weeks ago George called me and said that Alex told him to take the medications by himself because he is an adult man and knows how to take his medications. Then I called to see if this was accurate and Alex confirmed that this happened. He told me that he is twenty years on his job and this is the first time this has happened because he was occupied. I told him that he should wait till he finished his job and then administer the medication. And also when my son had his last injection from the community mental health, we left him home and after a while he called me and told me that he did not have food for lunch time and Alex was refusing to make him food, because he was to finish work in 45 minutes. After some time I called Alex and he told me the same, then I told him that he should make some food for George as he was hungry. At another time Konoan, took to my son's room two boxes full of pills and told him that they could not administer the medicines out of a blister. Then, when I went there Georgios gave me the boxes of the medicines and I took them immediately away from him. What if my son had taken all those medications? There is a problem with Georgios food as well. The people in the house cook junk food and they do not have available salad and sandwiches as we discussed. Georgios saw me take pictures of the food that he takes with his phone and this kind of food is unacceptable for his diet. Also no one goes to his room to see if he has his mask on at night time as I have requested. Georgios needs carers to look after him regularly in day and night time. He has severe apnoia, he does not breathe properly and can lose his life if he does not use the mask properly. On Tuesday, Konan told me that she will take Georgios and Eamon to the shops, because Eamon wants to buy some food. I said yes, then my son told me that they went to IKEA, when Konan had to buy things and then they went to order a mattress and Konan bought Georgios hamburger, fried potatoes and Coca-cola. Georgios saw me photos from the IKEA visit and from the mattress shop. My son should ha

ve help to stay on a healthy diet, as his life depends on it and also he should have proper care. Yesterday I took him home and I saw that he did not have a bath for weeks. I would like to know what kind of care my son has, I would like to be informed for his meals and have a healthy meal plan made to him according to his needs, also I would like the carers to check on him regularly, give him the medications as they should and I would like him to have proper care as he should.

Hi Liz,

Thank you for your email below,

I have called Candlewood Pharmacy today and was happy to collect the meds and deliver them to carmen,
But I was informed that you already collected them,

Apologies for this, I have advised the staff member to call CANDLE WOOD HARMACY straight away to collect medication,

Apologies for any inconvenience that may cause,

Thank you Liz
