Phone conversation with Linda Loh and Rainie. Rainie reported a phone call from NDIS last week, after documentation was submitted for review to NDIA.REVIEW@NDIS.GOV.AU, saying that James has funding in his current plan that can be used before the review comes to place.
Rainie and Linda requested to organise the purchase of a bed as James has sleep apnoea and snores loudly and his Mum is afraid he will stop breathing. SC enquire about diagnosis evidence and recommendations from a sleep clinic / test completed, etc. Linda stated that James had some assessments done 2 years ago, but not recently. Rainie asked to talk to Vida, who then discussed the purchase of the bed needs to be recommended by a specialist, as they also mentioned his back problem as one of the reasons he needs to purchase one.
Vida informed them that a FCA is going to be completed by Total Health, SC received confirmation of this via email last week on Friday.
Linda requested to explore food preparation and delivered to their home.
And they would like to organise a gardener once per fortnight.
