SC explained that plan managed incorporates the services of an accountant to pay invoices; allows for careful monitoring of funds, and enables greater flexibility in choosing services. Consent forms for Provider Choice were signed, and explained to Marina that once the plan manager has these on their system, they will pay the outstanding invoices (Gardener). Marina mentioned that Janine attends activities at the Autumn Centre in Rockingham and at Aqua Jetty (pool) during the week , with the assistance of her support worker Lyn from Peel Community Services. and she is very happy with arrangement. SC enquired about linking Janine with other possible activities, however Marina stated that Janine could not cope with any more activities and that Janine liked her routine, and liked being close to home. SC questioned whether there was another family member that needed to be included as a contact regarding Janine's care, but Marina stated that she was ok with everything and was the best person to contact, as she would make sure Janine has what she needs. I have referred her to a plan manager but I am now waiting for consent from Janine for the service agreement forms to be signed as she was a little confused with the plan management change and does not understand the difference between plan managed and NDIA managed. I believe the reason why it isn't letting you put it through as it's now plan managed, I do know that there is funding there as the plan has been renewed. I have spoke with my director to call Janine to get this sorted so we can then get the service agreements signed so you can then send your invoices off to the plan managers for payment, I do apologise for the delay in response but we have been working on this as it pretty hard to communicate with Janine regarding these sort of things.	$25.10
