SCM explained to Marina that although we were willing to proceed with the request, there has been an issue with the plan manager who has informed us that more information is required for the NDIA to approve this. (see previous note) 5/11/21. Marina is very confused and does not really understand what the difference is with management types and gets quite distressed, and as she is quite elderly she stated that she just wants it to be sorted out and kept referring to the previous issue of non payment of her gardener, as a change in her plan funding management has taken place from NDIA - Plan Managed (the payment issues have now been rectified as management is through Provider Choiice.). During the conversation she stated that she would rather it was all managed the way it used to be (NDIA managed) SCM assured her that the plan manager has been problematic and could be corrected by changing Plan Managers. SCM explained that we could arrange for the tablet to be purchased and sent to her, however Marina was very confused and did not seem to understand . Marina then stated that her grandson has already purchased a tablet.	$50.07

Hi Rachael,

I hope this email finds you well.

I have just checked Janine's plan and cannot see anything identified on her plan that mentions tablets, therefore a letter of support will need to be sent to NDIS.

I have also included some information I found on the NDIS website for your reference as I noticed this tablet is 5G which NDIS won't cover. Please let me know how you would like to proceed?

I spoke with Marina earlier today as she was asking if the NDIS would approve IPADs. I informed her that NDIS does cover these, generally speaking if it is under $750 a letter of support is no longer required (with the new Covid policy in place). Marina advised that Janine would really benefit from a tablet (something simple) to keep her busy and to work on her maths tables as this is also a good coping mechanism. As discussed I spoke with Marina who called not long ago as she was very worried about the invoice process. I reassured her that all service providers will send the invoices to use directly, the group email is invoices@providerchoice.com.au. If you could contact Jim's Mowing to let them know that would be really appreciated as we don't have their details on file. I also reassured Marina that we have a new platform set up called HeyHubble that is designed to find suitable providers for all services if there is anything we can assist with. As you are the Support Coordinator this will also make it much easier for Marina of course and I am happy to help where I can. Please feel free to call me or email me directly if you have any questions or concerns. Kind regards, Bianca	$25.04

Good Afternoon Stephen,

Thank you for reaching out regarding Janine Craig outstanding invoices.
I have spoken with Tenielle the coordinator for support workers at Peel Community.

In most recent months Janine's new plan has been changed to plan managed and requires a assigned plan manager. This paperwork is now in the hands of Tenielle to get the paper work finalised and I will ensure these invoices are sent through to the assigned plan manager for urgent payment.

All invoices that prior to the new plan dates starting from 24/08/21, you can send directly to the NDIA for payment. Anything after these dates will need to be paid via plan manager.

So sorry about the inconvenience.

Hi Tenielle,

Thank you so much for taking my call this afternoon and putting all confusion to rest.

I have attached all consents for Provider Choice to finalise the plan management.
Once this has been completed, please flick back to myself and I will ensure this is to be uploaded asap for all overdue invoicing to be paid.

Regarding the activities this coming weekend, please let me know for number purposes as I would hate for this position to be taken.

Any further questions, please don't hesitate to contact myself or Rachael who is the appointed support coordinator.
Have a wonderful day,

Terri R
