29/03/2022	Sally See	30 minutes	General Notes	Debrief and Update/Plan	On 25th May, when Ally called Tony to introduce herself, Tony had requested a call back from me to get a debrief on the meeting the day before. I texted Tony on 25th to inform him that I would call him on Friday, and he was happy with that. When I called him on Friday, he mentioned that it was not a great time to call and to call back on Monday - we booked it in for 10am. On Monday, I called him at 10am, and once again he mentioned that it was not a great time to call, so we scheduled it for Tuesday for me to call. I called on Tuesday and provided him a debrief of the meeting and a summary of the observation report. I highlighted that John has some anger management issues and I would like to implement some anger management strategies and incorporate art therapy in as John likes to express himself through art. Tony was very happy with that and asked me to proceed. I mentioned that I would be in contact with John's support coordinator to understand how much funding he has left for therapy, and send him a service agreement once I have worked that out. Tony mentioned that there is plenty of funding there, and as the plan date was nearing to use the budget. Tony had mentioned that he does not have an email address as he kept receiving junk mails - his preferred mode of communication is through SMS or phone calls.	$97.00
