Before calling the NDIS, looking at Jonathan's provider choice portal. It shows just over 7000$ worth of funding still remain but only in capacity building. However the budget graph showed that the funding spent (green line) was bellow the budget guide (yellow line). If all the funding in core has been exhausted, this graph should be inverted. Once calling the NDIS we got an update on the review and the administrator said that the review for Jonathan's plan (S48) was under way and in progress but we were given a date of completion or when the plan would start. The administrator did say that on the profile of NDIS all invoices had come from provider choice. We contacted Emily form provider choice on 08 6119 8232 and she is running a report on all invoices which will be sent to myself.
