Hello Terri,

I spoke with Kasmini today regarding the assistive technology requests for Kaisah, I have cc'd Kasmini in for transparency. The items discussed are;

- Manual wheelchair with postural supports
- Standing frame
- Daessy mount for wheelchair

I have advised Kasmini that in order to consider the AT requests we would need to initiate a light touch plan review. Only the assistive technology would be considered and there will be no other changes to the current funding. Plan dates will most likely change from the current end date of 21.05.2022.

If you could please discuss this with Kasmini and respond accordingly.

Thanks in advance.

Hi Libby,

I hope you are well and thank you for assisting in this space.

Kaz has informed me she requested all AT forms to be sent through to the support coordinator prior to submission to the NDIS.
I'm yet to receive any of this information, can I kindly request everything be sent to myself and I will forward to the NDIS as this will sit in the enquiries inbox for 6 months plus.
I can ensure this will be pushed through a lot quicker by picking the phone up and asking the NDIS to forward to the correct departments for approval.

I have spoken with Kaz regarding the front door access for Kasiah. Can I ask if you can create a AT form for electric door for more of a easier access getting in and out.
Happy to jump in and assist with any form of quotes that need to be seeked for this assistive technology. Please advise when this appt can be conducted ??

Look forward to working with you,

Hi Tilly,

Thank you for breaking this down for me.

I have spoke with Kaz, Kasiah's mother via phone this morning who has approved the below for transport for the year.

72 days left of the school year
$15.80 x 72 = $1,137.60

Kasiah attends work placement every Friday and finishes placement on the 10/12/21
13 weeks left until 10/12/21
13 x $39.40 = $512.20

The total amount of approval for travel is $1,649.80. Can I kindly request you set aside these amounts for the travel?

Thank you ??

01/09/2021	Terri Roberts	1 hr	Phone Call / SMS	Transport costs	SC called Kaz the mother to participant regarding the invoices for transport. SC has crunched the numbers as the plan manager will need to approve an amount for the yearly costs of transport to ensure the amounts are there for invoicing. Kasiah needs transport for school runs - 72 days left of school for the year of 2021. 72 x $15.80 = $1,137.60 plus the work placement days extra cost of $39.40. Kasiah attends one day per week until the 10/12. This adds a extra $512.20. Total amount of $1,647.80 has been set aside for transport	$100.14

Hi Tilly,

I hope you are well.

All due respect Tilly, you do not need a service agreement between this provider and the participant. As you are aware, Kaisah's plan is extremely flexible and the mother of the participant has requested this service for Kaisah to get to and from work placement. This rate has been locked in with the approval and transparency between all parties.

Please proceed with the invoices for this service.

Good morning Terri
I hope that you have been keeping well.
I am contacting you because of Kaisah Glare. I had an urgent request from Kaisah's Speech Pathologist that the insert of Kaisah will be fitted with a more supportive head rest for meal time management. The SP expressed her concerns that Kaisah is unable to swallow her food if the head is tilted to the right side. Kaisah is able to maintain her head in a more upright position for a short period of time but she will tilt her head increasingly lateral to the right side if fatigued.
We have tried the Adjusta Plush with Kaisah during the clinic because the Adjusta Plush headrest has adjustable lateral support which Kaisah found supportive and comfortable. The headrest is an essential component of the seating system in supporting the Kaisah in an upright position for driving the PWC, meal time management and respiratory function. Currently Kaisah is using her old head rest which was transferred from her previous insert. The old headrest does not have lateral support and consequently does not support Kaisah's head in an upright and safe position.
Please would you check if the headrest can be funded as a low cost item? I have attached the quote of the head rest for your reference. I have discussed the funding of the headrest with Kas, Kaisah's mother .
Should you require more information than please don't hesitate to contact me or Kaisah's mother Kas.
I can be best contacted by email.
Thank you for following up on this request in advance
Warmest regards
Monica

30/06/2021	Terri Roberts	1 hr 30 minutes	Phone Call / SMS	Call from Kz - Broken Hoist	SC received a call from Kaz who advised the ceiling host that is currently broken. A service was conducted last month. SC spoke with the provider who conducted the service who advised the battery is broken and is searching for another. The battery that is for the hoist is not in stock and will need to be order. A request for a Manuel ground hoist until the new battery is delivery will be delivered tomorrow or today afternoon. SC will await this information. SC spoke with Till plan manager who is advised of this invoice coming through to pay this asap. Kaz also advised of support worker not attending today, SC followed up with Ahmed and stated the excuse for a support worker not attending is not a good enough excuse as support worker slept in. Kaz had to lift Kasiah from her hoist after major surgery on her shoulder. SC relayed this information to ahmed and requested the ROC to come through for Kasiah for the school holidays. SC also requested a extra shift for support workers to attend next school holiday term for every friday 1-3:30pm for changes.	$150.21

Good morning Kas, Tim and Kaisah,

Hope you're doing well! This email is to confirm that we have successfully set Kaisah up for plan management services. You can send through any invoices that you have from the 21st May 2021 onwards for us to process.

The budgets that are plan managed for Kaisah are:
Core:
- Assistance with Social and Community Participation - $150,000
- Assistance with Daily Life - $58,501.79
- Consumables - $1000
- Transport - $1

(please note that the above categories are flexible, and money can be moved between them to meet Kaisah's needs)
Capacity Building:
- Improved Life Choices - $1485.75
- Improved Daily Living - $25,361.64
- Support Coordination - $16,342.00

A few things:

- Please see attached a copy of Kaisah's service agreement.

- Esther's dedicated plan manager will be Laura Jones. Laura will be your go to for any invoicing or funding enquiries you might have going forward, and she'll be in touch before the end of the week to send through a Welcome Pack and introduce herself.

- Any invoices for Kaisah can be sent to invoices@plancare.com.au – this inbox is monitored by all our plan managers, so that if Laura is off that day, the invoice will be processed by another plan manager. You can start sending through any invoices that you've got from the 21st May 2021 ??

- We have loads of easy read resources on our website at https://www.plancare.com.au/fact-sheets/ - they're helpful for giving you an overview of what you can spend

Hope you had a wonderful weekend and celebrated with your wonderful family.
Kasiah only has one set disability on the NDIS portal. Can I kindly request any medical information regarding Kasiah's disability.

This will hopefully restream Kasiah for any future funding to ensure this situation never happening again. Kasiah has been restreamed, but needs to be restreamed to the correct stream. This will enable more funding in the future. If you can send medical information when your ready, and I can submit to the NDIS.

Thank you

Warm Regards,
Terri Roberts
