Hi Melissa,

Due to the structural changes, I will now need to assign you to another support coordinator. Shadi has huge experience in case management and worked with government services for over 5 years. Shadi has experience in business management and also people with disabilities. I have cc'd her in this email. We will be on the planning meeting together to advocate for Kayden. I will have Shadi call the NDIS tomorrow and request this meeting to be via phone. I'm sorry if this change will impact you in anyway, but Shadi will be able to look after you and the kids in hope for increase in funding for supports.

Please advise when you would like respite and where. I can reach out to another provider who can offer these services, who are fantastic.
Regarding the FCA, I uploaded this to the system but it has glitched and I cannot open the attachment. Can you please resend through?

Hi Melissa,

Thank you for checking in.

We can request this be done over the phone, unsure on why they booked in this face to face. I can call and request this to be over the phone, where both os us can be dialed in.
With the end dates of both plans, the NDIS will automaticlly roll the plans over where funding will be allocated and the same amount of funding will be added from the previous plans until the new NDIS plans come back in.

In regards to cleaning, I will reach out to providers in the area and seek a cleaner. I will update you once I have gained a support for this roll.
Have you been to your GP and requested a mental health careplan for yourself at all? I can differently research this for you.
