Kevin stated that for us no to inform his dad that he is wanting to get his licence as his dad will go off at him and say he isn't to get his licence due to his brain injury. 06/09/2021	Leah Norman	15 minutes	Email	Contact Email - Bronte ORS	Hi Bronte, I have gone through the report with Simon and overall we are very happy with it. Could I just get you to adjust 2 things for me. It states that Kevin has friends come around and help as informal supports. As far as we know the only people apart from family that visit are related to his use of Marijuana and when he has none left the visits stop. If we could just remove the reference to informal supports in this sentence as I don't believe they fit the description. Also the business that Kevin has started has all been with the support of his recovery coach. I would like this mentioned as setting up a business is quite complex and I don't want to overstate his ability to action this independently. I also don't want to take anything away from him and his actions as he has worked hard to get it up and running.	$25.04
