Hi Shadi,

Happy Tuesday.

Just following up on my previous email. Jerusha told me she has sourced a support worker, which is great. There is also funding for a nurse, is this something you might be able to support the family with accessing?

Look forward to hearing from you.

Kind regards,

SC contacted Concentric and requested a urgent referral to be done. I spoke with Kristina who has advised she would be happy to take this client on for the beginning of October. Kristina has requested the referral form and will relay dates. SC has called Jerusha also and advised of this referral.
SC spoke with Jerusha regarding Ikram and the services she is unable to put in the system. Jerusha has been advised that Ikram is only in another job because she needs to keep her registration for nursing and has to do placement hours in the hospital. Jerusha asked about the service agreements and SC stated to keep the transparency to maybe come down to the office when both parents are free to discuss concerns, linking services and they're expectations of us as a provider.

Hi Candice,

Thank you for sending a detail email below regarding the hours funded and approved by the NDIS.

Regarding the provider choice comment of a service agreement being locked in. Levi is not commenced with Provider Choice and neither has he been commenced.
The appointed provider for plan management is Access Foundation. The below information is extremely concerning if a service booking has already been created for services not advised to Jerusha or Steven. Are you able to investigate this service booking as the plan has not been sent to any providers for supports as we have only just received the plan? Can you please advise asap, as again this is very concerning due to no knowledge of this service booking taken place with a provider Levi is not even commenced with.

Your assistance is appreciated in this urgent matter,

- Funding for Hearing Australia registration fee - $100.00
- Flexible Repairs and Maintenance - $800.00 – this is allocated to support minor repairs for the suction machine, specialised highchair and shower bench.
- Nursing/Support Worker – Approved $54,426.86 – this is to support the use of a support worker 4 hours per day for a period of 3 months, and then 2 hours at 5 days for the remaining 9 months – however this budget is flexible, please ensure to budget correctly. Included also is 8 days per the year for respite so that Jerusha and Steven can get some rest days. Support work can be used flexibly at home and in the community, for example for assistance with Levi's personal care tasks at home and day-care or assistance to drive to and attend medical appointments with the family for example. It is not expected the support workers would do any gardening and cleaning as these tasks are not typically expected of a child Levi's age. Additionally, I have seen that the Provider Choice has already allocated a booking of funds for $29,845.86 under assistance with Social and community participation. Can you please liaise with the provider to cancel this booking and allocate under Assistance with Daily Life instead? Typically, the Social and community participation budget is used for swimming supports, sporting activities for older children and adults and the Assistance with Daily Life budget is used for support work assistance and gaining support to build capacity for the child and family to encourage community participation. Provider Choice can call the NDIA for further support with this on 1800 800 110.
