I am emailing quickly regarding the purchase of an electric recliner chair for Liz Odi. I have trialled a few chairs with Liz and selected the most suitable based on her needs and preferences (quote attached). LIz is in need of this chair given her existing chair (self-purchased) is not suitable and placing her at risk of injury and falls. I note there is funding in her capital budget for equipment, yet I suspect this funding was used on her electric scooter. Are you kindly able to advise whether Liz has funding available for the purchase of this chair? I am happy to do a letter of support or a full AT Application, whichever is needed. Many thanks ??	$25.04

Hi Liz,

As per the NDIS guidelines, this OT is correct in saying the NDIS do not fund for this.
With your disabilities, it would not met the criteria of being deemed reasonable and necessary for the NDIS to fund for this.
I understand when you advised, you know other people who have had this approved, but everyone's functionality and mobility is different with various disabilities.

I hope I have answered some questions for you.

As mentioned today, our first step in finding a new chair for you is setting an appointment to trial a few different options. As you will need a fairly small chair, I recommend we go to Ibis Furniture in Bayswater. Ibis have a good range of small chairs. If we don't find one that's suited to you, Ibis are also able to custom make chairs to fit you perfectly. I have discussed the massage and heating functionalities with NDIS. Hi Kurtis,

I completed initial on Friday afternoon, this was all of her requests, which leaves me a little confused lol!
Liz has the mobility scooter in her NDIS plan, but has not purchased on as of yet. I will require a OT to do a few trails to ensure the equipment will be the correct equipment for her mobility.

Regarding Physio, please disregard the referral and I will call Liz shortly to advise of the why behind the OT referral. This may have been lost in translation.
