11/03/2022	Sally See	15 minutes	Phone Call / SMS	Phone call with Mel	Danica advised that Lucas was low in support coordination funding and had asked myself and Vida if an S48 was underway as there was no support coordinator being allocated. I called Mel (mom) to inform her of the lack of SC funding, she became upset as she felt that the previous SC (Shadi - who has now left) had not done anything for her. Mel had also highlighted that she would constantly receive a call from Shadi and receive a call from director Vida shortly after - she was asking if she is being charged double even though Mel says the same things to the two ladies. I have reassured her that, according to the case notes, she is only being charged for the calls from Shadi as Vida is only assisting as director role. As I was away when Shadi left and Vida had reallocated Shadi's clients herself, I was unaware and asked Vida who is assisting Lucas and Vida had advised that Janine had been allocated. I had called Janine, who was unaware of such allocation, and updated her of the details and reallocated both Kayden and Lucas to her. :)	$25.04

Subject: Lucas NDIS plan is approved [SEC=OFFICIAL]

Hello Melissa,

I am pleased to let you know that Lucas's National Disability Insurance Scheme (NDIS) plan has been approved. I have attached a copy of the plan to this letter, which starts on 15/10/21
As a reminder, for a support to be funded it needs to be deemed reasonable and necessary and linked to an outcome you have identified in your plan. Funding is approved for a support if it:

1. is related to the participant's disability
2. represents value for money
3. is likely to be effective and beneficial to the participant, and
4. takes into account informal supports given to participants by families, carers, networks, and the community.
5. I have attached a copy of the plan for you along with a copy of the budget breakdown and a guide on how to use your NDIS Plan. If you require further explanation/ assistance with understanding this new plan please make contact to organise a chat via phone or in person and we can go through this together.

6. As you have plan management allocated in your plan I have attached a list of options for you to contact – You will need to have a plan manager in place as soon as possible so that you can advise your service providers where to invoice.
7. As you have Support Coordination in your plan I have added a list of options for you to make contact with – You will need to choose a Support Coordinator as soon as possible as they will help you with getting your plan started.
8. Full provider list:- https://www.ndis.gov.au/participants/working-providers/find-registered-provider#provider-lists

Funded supports been approved:-

ion), CBDA and parental responsibilities. It is also the expectation that parents, and informal supports will provided access to social and family experience opportunities including social activities as after school care, weekends and school holidays.

Also the Core DA for self-care have remove because it still parent responsibility, also it cover in CBDA as due to duplication of supports (Department of Education) and parental responsibilities. It is also the expectation that parents, and informal supports will provided access to social and family experience opportunities. The CB relationship, OT and speech will support this.
