07/04/2022	Janine Hall	15 minutes	Email	email re plan review	Email to Marisha re two items that she would like to purchase so I have explained to her how she can have them included inn the next plan. See below. Hi Marisha As I mentioned last week, a massage chair will need to be an item that we include in your next plan. What this means is that we will need to keep the quote and apply for it within your new plan and have it listed as a stated item of Assistive Technology as your current funding set up does not cover it and your funding levels are also inadequate in the relevant area. Also, with pre-prepared meals, there are a couple of requirements before they can be approved. We need a letter from a health professional, so it could be your GP or OT, stating that you would benefit from these meals and the reasons why. Obviously for yourself it can be that you can't stand for long periods of time to prepare meals, etc. This letter needs to be included when we do your plan review and we need to specifically request it so that it can be included in your plan as a Stated Item. I am preparing your plan review now so will definitely add both items to try to get NDIA approval. Thanks	$16.27

I confirmed that the report had been completed for the bed and mattress and we were waiting on the one for the scooter. These had to be completed separately as we had had to request funds from the Core be used for the extra 5 hours to complete the AT report for the scooter. This is in progress and as soon as we have it we will lodge with the plan review report which is also be completed by myself. Home modifications will be handled separately so that we are not waiting for normal funding to be approved. She also mentioned a DRs letter of support for the specific bed and I let her know that I will have to scan back through all of the motes to find this as it was well before I took over her SC. I was told that this note can take 3 days to reach someone and then take 2 weeks for a response and I said that this has been going on for too long and even if they get back to us in 2 weeks not approving the modifications, that it going to take even longer and Marisha is going to be even longer at risk everyday. I was also told that the team usually don't respond until the home modification are approved. The person that I spoke with made a note and explained the current circumstances to explain the urgency of the home modifications. Receipt Number - 7003191611	$75.11

Hi Deb,

I hope this email finds you well.

Thanks so much for sending this through.

I can confirm there is currently $5,462.31 available under CB and I have made a note on file advising this funding is reserved for this service.

Terri as the funding will not be enough to cover this full amount as Deb has requested it might be worthwhile submitting an early review to request extra funding in CB?

Please let me know how we can assist you best during this process. I also don't work on Friday's if I don't respond back straight away.

Kind regards,
