Hi Chloe,

Finding hard to write this letter because as you know i am so busy juggling in everything with my two little ones and doing everything in our day to day household routine.

As a carer and being a parent is very much in a struggling situation. I have 2 little children. Miah who has down syndrome and is now 2 years old and 7 months old baby. My husband is full time working. He leaves home at 5am and comes home at around 5pm.

I don't have a family who could help me with my children and in this difficult situation. My family lived overseas.
I don't drive because i don't have license and still needs to get driving lesson. Most of the days we are just staying home.
I don't get chance to get to join play group or other community parents group. Our location doesn't have play group that close to our house.
I feel so isolated because we are far away from everything. My daughter needs a lot of things to develop in every aspect of life aside of having therapies she also needs to be able to explore and to get along with other children as well but this are the things we don't have. Me as her mother I feel only limited in this area because i don't drive.

Subject: RE: FCA to be Conducted for Miah Williams

Good Morning Carissa,
Hope you are well!!

The report that was done is that the developmental assessment? If you can add in a few things like Miah is needing roughly 10 or more hours a week for support workers so she can achieve her goals and how Marish is unable to maintain the house and is at breaking point due to she is home by herself 90% of the time as her partner works full time from Monday through to Saturday and it is 12 hour days, Marish is unable to keep the house up to date as she is needing to keep on top of Miah as well of the younger baby.

It would really benefit Marish and Miah if there are cleaners in place and support workers so Marish can put all her focus on Miah and also have some time to herself so she doesn't break. That is really the main things we are working on for Miah and Marish but also to try increase her CB budget as Miah is needing more therapies and to be linked to day care along with Marish wanting Miah to do some swimming lessons.

There needs to be a huge increase in core as there isn't anything is there and for Miah to have support workers and for cleaners to come in it will need to be increased, If you could please add that in the report and highlight that to make that stand out it would really be apricated.

Kind Regards,
Chloe ??
