Hi Rachael,

We have received a response from Provider Choice about Michael.

They confirmed they will fund the initial costs of the Lingo but not the ongoing costs of the SIM card. Are you able to advise what email address we should invoice for the SIM card costs for Michael (this is $70/year and begins a month after we post the Lingo to him)?

Otherwise, we can post it to his address, which incurs a $5 admin fee so the total yearly cost is $75/year.

Good Morning Jodi,

Firstly like to say, a massive thank you. We have implemented all new supports for Michael and have all AT forms pending.

I would like to advise of the recent incident with Michael Sutherland that occurred over the weekend.
I have received news from the cleaners who attended to Michael's home this morning that Michael is in a bad way. Michael was recently assaulted in his community on the weekend.
This has resulted in Michael not being able to move due to the pain he is in. I have stopped, dropped and rolled and have recovery coach on his way to assist and also informed the continence nurse to go check in on Michael with a full medical check as he is refusing to go to the hospital. I have attempted to call Michael multiple times to discuss what has happened but he is not responding, hence why I have sent the services. I'm yet to await updates from both services regarding the assault. I will also inform his doctor of the recent event and book doctors appointment for Support workers to take him, If he is willing.
I will send through a incident report shortly with more details on his current movement.

So we decided to leave for a lunch break. However before we left a man that looked between his mid 20s to early 30s started banging on Michaels front door demanding that he be let in. He was also told to leave but the man started getting angry and started banging on the door harder. Eventually the man left. My team and I also left to get lunch and came back about an hour later. Again we were told that Michael was still unavailable and to come back in half an hour. As we got back into the car the same man who was banging on Michaels door earlier had come back with a knife. Again he was banging on Michaels door and demanding again to be let in. Michaels friend told him to go away and the man got really angry and abusive. Subject: RE: M. Sutherland FCA report

Hi Bronte,

Hope you had a well-rested weekend! Thank you for sending through fca for Michael, much appreciated.
Can I kindly request the amendments for the FCA for the below –

Michael's diagnosis are –
Mental disorder / PTSD
Ankylosnig stondylits
Chronic Obstructive Pulmonary (lung) Disease (COPD)
Hypertension (HTN)

In the report you have scored (3) Performs light daily tasks but cannot maintain acceptable level of cleanliness.
I'm sure you seen Michael's home, which he is very unable to maintain. Michael really will benefit for cleaners to assist going in on a weekly basis. Can I kindly request this answer be changed and separate support workers from cleaning duties as majority of providers will send domestic or community based support workers.

Housing solutions –
Michael has requested a new place to call home through homeswest but due to the high demand, Michael is unable to gain assistance with any form of accommodation. Michael is currently living in a home with mould in the roof.
I have escalated this with the department of communities who have pushed back and advised they are unable to help Michael in to any form of emergency accommodation until the mould has been removed. I have informed this NDIS and also sent photos of the current state Michael is living in. NDIS have advised Michael could potentially be eligible for housing. In the meantime, Michael does require rails throughout his house. I have witnessed Michael fall coming in from one step at his front door.

Possible equipment –
Can we please incorporate possible trials for mobility scooter as Michael's mobility is not good. Michael travel's to Kelmscott every morning to pick his medications up from GP due to his previous addiction to Oxi's. Michael does need to make this travel by himself and in the winter this tends to really affect his joints from his Ankylosnig Stondylits. This is a huge priority that will be extremely beneficial for Michael.

Page 11 –
Can I please request the quotes from core/ consumables as stated in the report and ask what supports are recommended?

Hi Terri,

Further to information in previous email:

Michael health vacillates – he has some poor days and some very clear days.
I am not privy to his diagnosis, but he does have a Mental Health history, PTSD, CPOD, low blood pressure.

Michael has been offered assistance to clean his property, but he says he wants to get to organised first and does not want a company to come in and do it for him.
Jann (contacts details below) contacted Dept. Housing in January re his home/kitchen repairs.
Jann will also give you the contact details of Michael's social support worker, Joe Waters

Other information:

GP – Dr Buxton – Armadale Districts Surgery - Michael has been seeing him for years

Richmond Wellbeing – Jasmine Wake (see below contact) – She has supporting Michael for 12 months

Next Steps (Lockridge) – Dr Michael Christmas – known Michael for 7 years

Psychology – Michael has chosen to wait for Armadale Hospital appt as they have all his records and will also complete Gerontology Assessment.

Physio/Therapy assistant – Michael declined offers to locate services.

Kind regards,

Zelda Edwardes
