Hi Rebecca,

Thank you for taking my call today regarding some concerns with Natalie's current funding.
I have attached the closing statement from previous plan manager with the allocated funds left in Natalie's NDIS plan.

In the provider choice portal, I can see - Assistance with social participation - $500.00 Assistance with daily life - $2160.78 Consumables - $500.00 Support Coordination - $83.15

What is missing from the portal -
Improved daily living $11,291.94 located in Natalie's plan under Capacity, the total amount left In this category $7,225.34

My understanding the invoice for support coordination was declined due to the lack of funding in this area of the plan. On Natalie's portal this states $83.15.
On previous closing statement, the allocated funding left was $1,602.19. Where has this funding gone, as we have not yet billed Natalie for our services?

We also have an outstanding invoice due to DADDA sending to previous plan manager who did not pass this on. I have attached this invoice, and kindly ask this be paid out of core and the remaining from Capacity as enough allocated funding is in this area of the plan.
I have attached outstanding invoice for DADDA if you can pay this as soon as possible and confirm this has been completed. Natalie has been advised services from DADDA will be no longer until plan review takes place.

Please be advised I have cc'd Catherine, who is Natalie's sister and consented to speak on the behalf of Natalie.

Warm Regards,
Terri Roberts

Hi Laura,

Can I kindly request the invoice. I will be investigating the low funding from previous plan manager.
Please bear with me, I'm on the road for the rest of the afternoon, and once I'm back in the office I will crunch some numbers.

Can I kindly request Wren contact details to have a discussion on what has been conducted in the background to ensure transparency moving forward. As discussed, I do not want to overwhelm Natalie with all the little details as I know Natalie can become quite overwhelmed and already is going through enough. As a support coordinator, this is my role to make things a little easier as the NDIS is very complex system.
