He is a very inviting and full of energy individual who I look forward to working with. As you stated he seems fairly content with his current services, though I did plant the seeds of possible extracurricular activities that may be of interest to him that we can explore over the coming months. I am going to send a meal prep service around to demonstrate their food prep meals to him as a first task. Please send me a copy of his current service contract with avivo so I can ad it to his service budgets list for our profile. Attached is consents. Thanks for the referral and look forward to our next chat.	$42.81
