Hi Claire,

I have spoken with Rachael the appointed support coordinator to assist with linking new supports for Russell. We are unable to do so until we break down the core funding of his NDIS plan to ensure we will not leave Russell without the supports. Provider choice require this to be signed. I can send recovery coach Blake tomorrow if need be to have this signed to get the ball rolling. Please advise what you would like us to do.

Thankyyou,

Hi Claire,

Yes, two weeks cease period which gives us here enough time to fil this position.

Can you please advise what hours Russell Requires? I'm locked out of Russell's funding at the moment. I will try have this amended asap.
I blind cc'd you in an email, and advise you shortly to break down how much Russell's plan caters to.

Hi Helen,

Can I kindly ask this be followed up with a sense of urgency as this was requested last week and the wife of Russell needs the support worker agency moved asap due to recent incidents.
I'm unable to do this without knowing how much funding he has in the core to assign the support workers.
Your assistance in this matter is highly appreciated,

Subject: FW: Russell Webber Incident 20/09/21

HI Marisa

As discussed on the phone this afternoon and previously on 20/09 below is a rundown of the incident that occurred in our store with Russell Webber on 20/09/21

On Wednesday 20/09/21 at 1:40pm Russell was in the store purchasing a new handheld radio with one of your carers as he told us later he was blind and had only 15% vision and fell down the escalator as he was descending which he had come up and at this stage was not moving due to a replacement part that had been delayed with covid lockdowns, as Russell and the carer Suzie got to the top of the stairs the carer went ahead and Russell went down on his own and was about 80% of the way down before he suddenly veered off course to his right and stepped on the side of the escalator case and then fell down the remaining few steps and landed on his back at the bottom.

We attended to him straight away as one of our store first aid officers Kris was walking nearby and heard the noise of him falling and rushed down along with several staff and another customer who was in the store, an ambulance was called to check Russel out as given the fall and his age and his comments about his ribs hurting and hitting his head we felt it would be safest to have the paramedics check him over as he initially was hesitant for anyone to check him and just wanted to leave straight away but he agreed to stay and at least be checked once our first aid officer and myself offered to sit with him until they got there and said he wouldn't have to go in the ambulance if he didn't want to but would be a good idea just to be checked to make sure he didn't sustain a serious injury as we were not qualified to determine his condition for him.

The ambulance officers checked him over and had suggested they thought it would have been good for him to get some scans given the fall even though he didn't appear to have any serious injury but he was very insistent he wanted to go home as Russell mentioned several times he falls over quite a lot due to his poor sight and was used to it so they left it at that but made notes on their internal system.

Hi Marisa,

We are having huge issues with the portal at this moment in time. Hopefully by tomorrow this will be fixed and I will be able to provide an amount currently in in the core area of his plan and what supports we can implement.

Due to structural changes, I will be sending another recovery coach in the absence of Simon. Please bear with me, I will check in with you tomorrow.

Claire advised she does not like stepping in but Russell keeps contacting her as he has no informal supports in place to assist with his alcoholism. Claire advised she would like to change the supports in place for Russell as the supports in place are only domestic. SC stated she had a called the friends at home who advised the mess in Russell's home and the smell. SC relayed that information also and requested Claire to put everything in writing.	$125.18

Subject: Russell Webber
Importance: High

Hi Marisa,

Thank you so much for the detailed conversation we both had regarding the severe concerns we have for our mutual participant Russell Webber.

I have spoken with the director of FFG, Simon regarding a meeting for both providers to assist in this concerning situation Russell is currently in.
I thank you for all the work and assistance you have provided Russell, as you gave me very detailed feedback. Thank you.
Please relay with Simon regarding an appointment for this week sometime, I feel the sooner the better.

You advised on the phone, Russell has spoken about rehab and wanting to go.
I read through some reports today shortly after our call. Russell is vison impaired due to the excess amount of drinking he has done over the years. Russell was advised by medical professionals if he does not stop drinking, he would loose his eye sight permanently. If Russell would like assistance with going to a rehab facility, Simon can assist in gaining and linking to the service providers in our community.

As requested, could you please provide me with any incidents reports you may have, as we will need to lodge this to the NDIA. This could be very beneficial for Russell and his funded to get all the correct hours of support for this man. With the supports in place, could I kindly request you advise me of any incidents that do occur, to ensure the NDIS is advised. I will need to report this to the commission as a reportable incident.

Thank you kindly,

Terri R

28/09/2021	Terri Roberts	1 hr 15 minutes	Email	Call with friends at home - incident	SC called the provider who give support workers. SC spoke with friends at home who advised of the incident and stated Russell has multiple incidents that occur due to the alcoholism that has been taken in to effect. Russell is severely ill with his addicts which come with sexual behaviours and requests woman support workers every day. Russell does not like when he has a male support worker assigned to him and makes complaints. Russell has been known for making complaints to high up departments when intoxicated. Russell made a complaint to the support worker agency stating a support worker was not assisting him while travelling up the escalators at Harvey Norman. This was looked at by third party on the cameras and this was not the case. Russell has v=been selling his belongings to buy alcohol. Russell drinks bottle of whiskey per night and staff support workers view this every morning. Russell saturates his bed in alcohol and his house smells like alcohol. Currently Russell has no appointed guardian or nominee. SC stated she will set up appointment for this coming friday with the RC to assist in this manner.	$125.18

Hi,

I have attempted contact with Russell and the call went straight to message bank. I have left detailed VM.
I contacted the supports in place for Russell – Friends at home in home community care services who have recently billed to Russell's NDIS plan . I have attached the invoice.

Going through our system I can see Leah has attempted to contact Russell on many occasions. I had a brief discussion with Leah who advised, If Russell is not answering, he will be intoxicated as he is an addict of alcohol.

Russell has previously called the NDIS under the influence and from my acknowledgement, this has been documented. I will await a call back from the provider and Russell. When the provider returns my call I will ask for the roster of supports currently in place to ensure Russell is not without the supports.

Thank you for reaching out in concern,
