General Notes	Called Sarah re SC change	Called Sarah re SC and advised her that Alex is unable to see her today. she continued to tell me he is useless and he does not know how to do his job. I stated to Sarah i am not sure what was said to Alex ind etail today but i am aware it has upset him. Sarah got defensive and stated i did not say anything, call or sms him. it's a lie. He is never around and never does anything. What you said to me upset me lastnight. Then i stated to Sarah , so there is something you have said to Alex then. I stated to Sarah i am aware she has stated that something i said to her apparently has upset her but i am confused to as what this is about as far as i am concerned and aware yesterdays conversation went really well. Sarah stated well if he can't do his job he shouldn't be in that role. I never said anything. If he has mental health issues it's not on me. I stated to Sarah that's inappropriate and if she is playing mind games it needs to stop as now Alex is affected by this. I asked Sarah i f she would like me to organise a replacement SC sharyn and for sharyn and our OPS manager Jan to give her a call. Sarah stated yes. called jan and gave her a run down of the situation and asked Jan to give Sarah a call with	$150.21

15/06/2022	Vida Reid	3 hrs	1. General Notes	Phone call to sarah	** Large Note printed below.	$300.42

Sarah called me at 6:45 pm and stated the new house at YARAN PROPERTY is a nightmare.

She stated " yeah oh God OK I'm definitely not set up and definitely not unpacked but I'm doing a little bit here and there as I can I'm having an ultrasound tomorrow morning to see if they have blood clots in my arm or not'cause my GP kind of growled at me for it today and then I worry about my blood pressure 'cause it's well over 150.".

Sarah Continued
"my special special today sorry I've got the hick ups, NDIS and my specialist doctor is gonna be contacting the OT ELAINE 'cause they're gonna sit down and do the letters ndis work together um. she said that if she doesn't need to sit down with ELAINE can at least say well this is the sort of thing NDIS wants and then she'll go right it all out and I've sent her a copy of that OT assessments underline date originally I said so basically NDIS just wanna hear it from a specialist rather than OT so she's happy to do all that and send it to me so I can send it to you before we sedn it off to NDIS."

With Friday I did tell Alex things I have to be All done for 4:00 PM and a support worker rostered on for that time spot and i have not heard anything back.

I advised Sarah (client) to contact our Sarah the housing manager for the short time and space left that she is with us.

Sarah stated " I only know found out that the support worker for friday is only rostered on until 5PM because she told me herself today". i stated "OK that's not gonna work because you how long is your appointment for?"
Sarah replied " I don't know it's a meeting I may be able to arrange a lactone so that'll be fine but I won't know till tomorrow morning, we gotta organise someone to be there with me.

Sarah continued " it won't be an issue they can just gotta can drop me off and leave that's fine is it a health appointment Sarah just made it OK can I ask what the meeting is new OK no that's fine that's OK oh OK yeah that's fine so how about if you do if you feel better if someone is not like a support worker is not there then how about we get like we can call an accessible taxi or Uber to come and take you back home if you know if it's private with you more comfortable with that I'll see if one of the other ladies can drive me home if not then we probably have to go with that but it is very expensive just because it is all the way up in Clover yeah that's fine that's OK so it is what it is and you need the support so it's you know we can't just leave you there so will will I'll leave it with me I am flat out tomorrow but I will oversee this myself so you're going to be dropped off just so I get this correctly you are going to be dropped off the appointment is at 4:00 PM you've gotta support work

er that's finishing at 5 and you don't know when the meeting is finished can I have a rough time of you know because 7:00 PM till 11:00 PM for example is a lot of difference and if we're if I'm going to request for a support worker as your coordinator I need to know how how long I'm requesting for I would be fairly confident would be home by 6 OK OK so you think your meetings going to finish by 5 and give it about an hour to get home then I would hope so OK OK so just to be safe I'm going to say 7:00 PM OK alright OK leave that with me I'll get that organised even if I have to get you an independent support worker just for the day I will do that and I'll get someone to pick you up that's all good well I'll let you know 'cause I said one of the other ladies might be able to bring me home to the couple weeks doubts when will you let me know just so we're not devil handling tomorrow morning OK perfect just text me in case I'm in a meeting in that way I know but all would will manage it now because Alex has moved on to the client intake liaison coordinator role would you and in you talk to me anyway I always end up doing everything for you which I don't mind would you be comfortable if I assign another lady a good coordinator for you and you can talk to Alex still but just as a backup for now so that you're not stuck not talking to anyone yeah as a backup that'd be great yeah OK but I'll still use Alex is sort of the main but it's urgent and I can't get out bold about it yeah yeah I just don't want you going I've got no one to talk too that's that's all Yep sure do you prefer younger or more mature or I don't care is on the signal what they're doing OK great no no that's fine if you want someone that knows what they're doing I've got a mature lady who's worked in MSW A and who's really good and she's not a newbie to be learning in that her name is Sharon she's a gun so I will assign her to you tomorrow as well first thing and then I'll get her to give you a call with Alex just to to introduce herself an as a backup if Alex is not around great awesome alrighty well I'm going to get onto my paperwork you have a lovely night and I'll speak to you tomorrow changed yeah good luck I know yeah I don't get onto Clio for you as well tomorrow OK thank you all good Sarah I speak to you soon bye bye....

I have called Companion Cards WA but was unable to get through the 2 times I called (left a voice mail both times) due to not being able to get through I submitted a get in Contact form so I would be called back asap. Not long after I had Submitted the Contact Form, I received a call from Companion cards WA, I was informed by CCWA that the Companion card can be used in every state and the only reason as to why it states WA on the card is due to the way the cards need to be presented in each state. once I had received all this information I wrote up an email to Sarah with the included details about how she is to use the Card while over in Sydney for her STA/Holiday.
