also SC asked to let us know about the USI number as SC needs it for the tafe application,
Leila stated that she doesn't know about her USI number but she will check out with her daughter and will let us know by today or tommorrow.
also there is an email from tafe which is a helpful link to register her son for the tafe.
Hi Shadi,
Re Intro to computers – now 2 hrs per week for one semester.

I have searched my emails, and can not find an application on behalf of Seyed Yunus Hashimi. Was Intro to computing definitely the first preference? Did you get an automatic receipt for it when you sent it? That should have a date on it.
If you haven't received a receipt saying it has been received it means we haven't received it and you will need to apply again. If you have received a receipt let us know the details and we can work out what is going wrong.

Nevertheless, there is still time to apply for the course. This will trigger an email to me, and I can forward a link to you to book the interview. Interviews

Hi Terri,
Thank you for your referral of Yunas to our physiotherapy service. Please find his Physiotherapy initial report attached
Yunas would benefit from a regular routine and weekly physiotherapy support over for the course of his current plan to ensure that participation in exercises are kept up and the above goals are tracking well and monitored. This will be assessed at 3 months and for ongoing therapy will be determined.

Physiotherapy support for the remainder of his plan would require:
- Physiotherapy sessions: 4.67 hours (4 x appointment time (0.5hr) + notes (10mins) + travel (0.5hr)): $886.67
- Report writing: 1 hour : $190 (including assessment for splint)
- AHA (Cert II) Sessions: 18.66 hours (16 x appointment time (0.5hr) + notes (10mins) + travel (0.5hr)): $1,605.33
- Totalling: $2,692.00

Please let me know if there is enough funding for the above, my next appointment with Yunas hope to schedule for the Monday 27th Sept

Many thanks and regards,

Hi Emily,

Thank you for the time you have implemented in to this report.

Can I kindly request the amendments on the attached report. For supports to be put in place, Seyed will also require the attached AT forms completed to send to the NDIS. As you are aware we do have a upcoming review and Seyed will benefit from the correct supports to be put in place.

Seyed is supported by his parents, and yes there is a culture barrier with the expectations of what sex does what in the household. I would like to advise of the domestic violence that has occurred previously which has also been flagged by FFG to the NDIS and how much the mother is at carers burn out. The mother and father are at breaking point and the father is in denial of Seyed having any form of disabilities as he does not believe in disabilities. This would be extremely important to advise this also in the report.
Seyed has been violent towards his mother which has included domestic violence/ assault within the house hold. Seyed's mother has also been hospitalised with the violence from Seyed. With what is currently in the report, the NDIS will put the sole responsibility on the parents to manage Seyed's domestic and physical assistance. Seyed needs assistance with capacity building for his independence and this is something the mother is unable to provide. This includes the meal preparation, laundry, and cleaning. Seyed would benefit from ILO – Independent living options.
I would advise to keep the housing exploration assessment to be implemented in to the next plan.

Please advise if you are able to complete the above templates, this would be highly appreciated on the families behalf.

Again, thank you for your time.

Morning Terri,

Thanks for the email!

Funnily enough, Emily is also doing this one. I have included her in the email, for you.

@Emily Schmidt there is an existing FCA from December to work off as well which should allow you to focus on the housing exploration in time for the review.

Terri, Emily does have some time tomorrow as well to be putting stuff together, do you know how much funding is available for Emily to work on this?

Thanks,

Hi Janel,

I hope you are well and please disregard my email previously sent today.

I had a phone call from Participants mother who updated me on Seyed's new employment opportunity with Westcare. Please be aware, this was the mother's view's, opinions and concerns.
Lailah expressed she feels it is not ethical to continue supported employment for Seyed at Westcare due to the low hourly rates that have been provided to Seyed. Lailah stated she refuses to send her child to a work place, to be paid such a low rate and be taking advantage of his work ethics. I did advise of the capacity building Seyed will receive throughout this time, and also assist with his social interaction. Unfortunately Lailah has made the decision to stop employment for Seyed due to the reason's stated above. Employment will cease effectively immediately. If you have further questions, please don't hesitate to ask.

I thank you for the time you have assisted with Seyed and his employment opportunities he had with Westcare, and we at FFG hope to work with you in the near future!

SC has crunched some number to advise the support worker how much funding is currently left for the supports in place for Seyed.

8 months left of the plan which is 32 weeks = $148.00 per week of supports.
SC has relayed this information to abdul and asked for the confirmed hours of support work that was initially discussed.

Subject: Seyed Yunus

Hi Terri,

Hope you are having a great week.

I received a text message from Laila last night which reads as follows.

“Hi Abdul. Who’s coming to shift with Yunus this week?
Also I would like to switch up the hours please for Saturday’s. I was wondering if you could shift with Yunus at 10am - 4pm.
I would also like to add an extra time shift for Yunus on Sundays. From 1pm to 4pm

Thank you ??”

As for the support workers that will be assisting Seyed Yunus to attend work, I am organising that as we speak.

The current Roster for Seyed is as follows

Tuesday – 4.5hours
Wednesday – 4 hours
Thursday 4.5 hours
Saturday – 3 hours

Now with work commencing and Seyed requiring transport to and from work 3 days a week, is a huge addition in and of itself. If we charge the minimum 2 hours even just for the mornings for example and only charge 1 hour in the afternoon, it will still have a huge impact on his funding.

There’s also so the question of will the employer allow for a support worker to assist Seyed for an hour?

And then there is also the additional 3 hours on Saturday and 3 hours on Sunday that has been requested by Laila.

I would propose to cut down the hours on Wednesday as Seyed will be working on that day and that’s hours that can be utilised on a different day.

Hi All,

I received a phone call at 1:20 PM from the participants father Hamid Hashimi. He advised that the police had attended their residents to discuss the matter with his wife and kids and that he had hid from the police so the police couldn't see him. He advised that he's not able or capable to look after his son any longer and he wants his son out of the house.

Whilst he was speaking I could hear the wife crying in the background. I tried to reason with him and said I can offer to find them couples counselling and family counselling for them to get through this but he rejected the offer and stated it's already too late and he can't deal with this life anymore. The participants father stated they are not equipped to deal with a person with such high disability I don't have the money to get him the diagnosis that he requires as he's got intellectual disability and autism but they can't afford to get the diagnosis in order to get him ndis assistance to address those behaviours. The participants father carried on saying that he never asked for this lifestyle and the mother can just deal with it herself.

The participant's father asked me literally back to the NDIA that his son needs to move out of the house immediately and move into a supported accommodation as they are not able to cater to his needs or look after him any longer.

I ask for some guidance from the NDIA as this is a very difficult situation that we are faced with and would appreciate the agency's assistance in dealing with the matter.

Kind Regards,
Vida

Good Morning,

This morning at 9:30 am WA time I received a call from Leila Hashimi stating her husband has beaten her up and her son (the participant) then walked out.
She stated ' I am broken, alone and I don't know what to do. I have 3 other kids to look after and I am at breaking point. My husband just hit us and walked out and I cannot live like this anymore. I'm done".
The comments were very worrying so I spoke to her and calmed her down. I asked her to explain in detail what was happening and why her husband beat them up.

Leila stated last night her husband Hamid Hashimi started hitting their son (the participant) because he was making weird noises and was being a lot to handle and wouldn't listen. She then stated she tried to intervene and he started to hit both of them and stated he is tired of living like this and wants nothing to do with them. Whilst explaining this to me she was crying out loud and screaming " enough, god help me, enough" in between her sentences. I asked her if she called the police and she said no and begged me not to do so as he will bet her up again and she has no one here to support them.

Participant mother stated that her husband tends to escalate things higher rather than calling things down and it has destroyed the mental health of everyone in the house. She stated " my husband does nt understand disabilities and refuses to acknowledge anything or to help. I am left alone with 4 kids and one severely disabled adult son and also a 2 year old to look after on my own.

I have called the police to do a welfare check on the participant and mother and organised Perth health care services to send a support worker ASAP to take the participant out. I have ccd perth health care services in this email.

I would like to request a review of the plan of this participant as we have just secured him employment and would like additional supports in place to support him at his job and also with recent incidents that have occurred to place proper procedures in place to ensure the safety of the participant on a daily basis.

Good afternoon Terri,

I am pleased to inform you that we have received rather good feedback regarding Yunus, and would like to offer supported employment to him. Some of the feedback given by the Supervisor is that he tries his best at work. The Supervisor think Yunus would require more support with understanding the tasks shown to him when training him on jobs. We can do so through our Support Services Officers.

However, he has a good character and is eager to learn, and we would love to have him on board with us.

Thank you.

Hello Terri,

Richard forwarded me the calendar invite this morning asking if Kathy can bring Seyed and you on a work site tour today, and I start work at 9am. I wasn't aware of any information handed to you regarding restrictions or cancellations. All good about the miscommunication, I responded to you after my 2 meetings in the morning.

Thank you.
