27/01/2022	Janine Hall	30 minutes	Email	Forwarding FCA	I had to confirm that Sharon had made payment for the FCA prior to forwarding to her. I then email the report to Sharon and confirmed we would be ceasing our services as per her request. 2 X emails attached	$42.81

18/01/2022	Janine Hall	45 minutes	Complaint	Complaint	Sharon emailed a complaint and requested to cease SC services. Email attached. I researched the areas of her complaint and called her to discuss this with her. 1. FCA was requested after discussion with Sharon to request extra funding for mobility (Gopher) and other assistive technologies. Submitted 23/12/21, awaiting approval. 2. FCA was very comprehensive. Explained to Sharon it was an NDIA requirement to have FCA to support the application and that the cost was a standard NDIA rate. Sharon was Ok with this but then said she wanted to cancel her SC agreement as per her email due to not receiving the expected support from FFG. She had several complaints: 1. The length of time it took to provide any SC. 2. Feeling like she was being fobbed off in terms of provision of supports. Claims she was told that "Gardening was her problem". 3. The length of time it took to provide a female Recovery Coach as requested. I apologised if she felt that she had not been cared for. Expressed that as I had only just been appointed as Recovery Coach, I would like the opportunity to right the wrongs and provide her with excellent service inn the future. Sharon admitted that she felt angry and would like to settle down and review the situation in a couple of days. Task crested to follow up.	$0.00

SC Rachael attended a home visit at Sharon's request. Sharon has been experiencing a lot of confusion and memory loss lately and has been struggling to understand her NDIS Plan.
Sharon's main disability is Psychosocial, however she also has Neurological (dementia like symptoms) and experiences disassociation. She is unable to manage her household tasks and requires assistance on a more frequent basis.

Sharon has expressed the need for a wheelchair or Gopher to enable her to remain mobile - she does not drive due to her memory loss and inability to react and move quickly. This is causing her to feel very limited and isolated.
An FCA is needed to determine Sharon's needs, and gathering of reports from Sharon's Neurologist : Anthony Elvaro 9332 2861. Psychologist: Judith Hall 0410 179 976.
AT equipmenet is needed and Sharon cannot use a wallking frame or walker due to the strain this places on her neck and back.

Sharon is currently linked in with Southern Districts for her support worker needs (cleaning/gardening etc...) however, she has expressed her desire to cease this arrangement as she stated they are not able to provide the services on the frequency that she needs.
Sharon would like to retain them only for a regular weekly clean (by Laura).
SC advised Sharon to notify them in writing (by email) and give the required 28 days notice as per their agreement.

Sharon has requested for ECDS (Ikram) to provider the transport, gardening/handyman1 x pfn, cleaning (using a ladder for top of cupboards) 1 hour per week for 4 weeks, and meal preparation 1 x per week (whereby bulk batches of food are made). SC has discussed wih Ikram (Empowering Community Disability Services), and she will contact Sharon to arrange.

Sharon also has funding for a Recovery Coach and has requested (initially) 3 days per week for a little while, then reduce to 1 day per week going forward. Her main difficulties are with motivation, confidence and day to day tasks. She needs support and mentoring to enhance her own capacity.
