? Yes, I have now linked gardening services to commence on the 12/10/2021 for monthly at 3 hours. This will be conducted by Byford Maintenance who have now booked you in.

- I have the forms for the behaviour intervention from Caresquared, however I have not completed them because I was not sure what service they were providing or how they were going to provide it. I ideally want an OT that comes to the house to work with Tia mainly on her self care . Could you please let me know if this is the service they could provide? No I do not have a report from them.

? I do have a in house PBS Practitioner who can commenced asap and start working with Tia for self care who will be able to provide reporting, training with support workers, the school and yourself. Let me know if you would like the PBS therapist to give you a call. The therapist recommended does school holiday programs also.

? DADDA unfortunately do not do school holiday programs or outside school hours.

- Horsepower - I have had all the information sometime ago from Horse Power and let Myra know that we wanted to go ahead, so can you please book Tia in for the next term. My preferred days for her are Thursday or Saturday but any day if they are not possible. The weight limit is not a problem.

? I can start the application today for horsepower today and provide you with updates.

Good Afternoon,

My name is Terri the Service Manager here at FFG. I'm so sorry you have not gained any responses regarding Tia and supports for her NDIS plan.
I will be looking in to the notes on what was conducted but would like to have clear communication on what services you are requesting for Tia for us to amend this.

- You would like services linked for Gardening. What days will suit this service attending?
- Behavioural intervention, would you like a follow up with Caresquared? Have they completed a report for PBS?
- I can see the DADDA referral, have they contacted you for services (ART services)

I have contacted Horse power who have advised of the below –
Horse power have advised they have a weight limit of 70kgs and have one term left as it gets too hot for the horses, participants and volunteers.
I have requested they send through a brochure for this activity. This can be billed to the capacity building area of the plan as Tia's goals stated in her NDIS plan
"Tia's mother would like to be accessing community based activities with other children where she can develop enduring friendships"

I hope I have answered some questions. I do understand your frustration with the structural changes that have occurred over the recent months, please allow us to fix this.
I have appointment Rachael as the support coordinator for Tia who comes with many years of experience in the NDIS sector and also done the roll out of the NDIA in 2013.

Your more than welcome to contact me at any point in time,

Hi Rachael,

Thanks for your email, sorry I missed your call, however I don't answer unknown numbers due to DV issues. I will now take note of your number.

I wasn't aware that Leah isn't my Support Coordinator anymore. I had been trying to contact Leah for some weeks now and she hadn't responded to my email or text messages.
I am happy to provide details of Tia's therapists, however I'm not sure why you would need reports at this time. Tia's new plan only started recently and it is for 2 years.
I am also still in the process of providing information for some Behaviour Support with CareSquared.

Myra was Tia's Support Coordinator prior to Leah and was Liaising with Horsepower (Peel) for Tia to receive their services the last contact between them was 4 May 2021. I haven't heard anything since, as Myra left and on 1 July 2021 I sent the details to Leah for her to follow up and hopefully get Tia started. We still haven't heard anything. Tia's information and expression of interest was sent to Horsepower (Peel) back in January or February. Are you able to follow this up as Tia is really keen.

I would also like to know if you have any gardeners on your books as I would like some help as I have had to move to a property with a larger yard. Could I possibly have 3 hours a month please.

Can you please let me know if you are able to help with the above services. I won't be available by phone for most of this week so are you able to email me?

Kind regards

Jayde

Hi Leah Thank you for reaching out ?? Apologies for my work phone, it tends to be very temperamental :/ Ok – So if the child has written confirmation that PBS (positive behaviour support) is listed in the plan under “Improved Relationships” then a PBS clinician would be the best person to implement a behaviour intervention plan to the participants surrounding support network and environment. An OT cannot help or assist with PBS behavioural intervention plan – as this is only determined by a PBS clinician. We do have a peads OT that can help under daily living capacity building with executive functioning skills and next available is within 2 weeks, Next available for a PBS consult would be September. I have attached our referral form should the participants family wish to proceed.	$50.07
